GERMAN TREATY WILL BE IN FORCE SHORTLY

BULGAR GOVERNMENT WANTS LONGER PERIOD TO CONSIDER TREATY

Extension of Ten Days Asked; Supreme Council Meets to Draft Answer to Request; Sir George Clerk Advises Roumania Be Conciliated

Paris, Oct. 9.—The Supreme Council met to-day to reply to the request of Bulgaria for an extension of ten days in the time granted for presentation of Bulgaria's observations on the treaty handed to the Bulgarian delegation September 19.

Paris, Oct. 9.—Sir George Clerk, who was sent to Bucharest as Allied High Commissioner with notes from the Peace Conference to the Roumanian Government, favors a policy of conciliation in dealing with that country, according to The Journal.

SUGAR RATION IS BACK AGAIN

Scarcity Leads Some to Add to Home Supply From Cafe Basins

Nothing requiring the use of sugar is now able to be turned out at the factory of Ramsay Bros. and Company, Ltd., on Fort Street. Some time ago, a curtailment of the biscuits and candies made by the firm was made necessary through the amount of sugar generally used being cut in half and a further cut has made it necessary to close every department in the factory except those for the making of soda and dog biscuits. Since the beginning of the week the firm has been unable to make any other of the goods for which they are noted.

Back to the war days of rationing is forecasted by some of the restaurateurs. In some already the little envelope containing the complete individual allowance of sugar has made its appearance again. The equally familiar egg cup which people said goodbye to with no feeling of regret when it gave way to the usual basin from which customers could help themselves ad lib has also come back into use again. Reports come through, that at some of the more fortunate cafes where, up to the present, the signs of a sugar famine have been avoided, that some customers have been driven in desperation at the scarcity of the sweetening substance on their home tables to pocket some of the contents of the basin.

Shortage at Cafes.

"We have not been able to get nearly as much sugar as we would like," is the report from Tighe and Wheeler. "If we order lump sugar we are sent a yihir; there happens to be in stock. We have been able to get granulated but lump sugar is out of the question. We are considering resorting to the rationing method."

STATES AND JAPAN DISCUSS RAILWAY

Handling of Trans-Siberian Railroad Has Caused Friction

Tokio, Oct. 9 (Associated Press).—Negotiations are under way between the Governments of the United States and Japan concerning the administration of the Trans-Siberian Railroad. This has been made necessary, it is said in high diplomatic quarters, because of the fact that Inter-Allied control of the railway under the supervision of John P. Stevens, head of the American Railway Commission to Russia, recently encountered many obstacles. Engineers under Mr. Stevens claim that in the sector patrolled by the Japanese forces they have not received the protection and co-operation for which the original agreement provided.

New Westminster, Oct. 9.—The bank clearings in this city for the past week were \$678,623.

DECIDES TO STAND IN KINGSTON RIDING; SIR HENRY DRAYTON

DRAYTON CANDIDATE IN KINGSTON, ONT.

Dominion Minister of Finance Stands in Bye-election There

Kingston, Ont., Oct. 9.—It was officially announced this morning that as a result of numerous signed petitions presented to him by influential citizens of Kingston, Sir Henry Drayton, Minister of Finance, will be a candidate in Kingston for the coming bye-election.

News to this effect came this morning from Sir Henry at Ottawa to W. R. Givens, publisher of The Daily Standard, and the announcement of his candidature appeared in the local papers to-day.

Regina, Oct. 9.—What was considered the last chance to make the Federal bye-election in the Assiniboia constituency a three-cornered fight went a-glimmering to-day when Sergt. Stuart Gibson announced that he would not enter the contest as a soldier candidate. O. R. Gould, the farmers' candidate, and W. R. Motherwell, the straight Liberal nominee, will fight it out between them.

KING OF BELGIANS ENJOYING TRIP

Walks Along the Tracks in Wyoming; Drives Engine Pulling His Train

On Board King Albert's Special Train, Oct. 9.—Snow covered the ground when daylight overtook King Albert's train east of Bitter Creek, Wyoming, this morning. The King was up with the coming of dawn and took a short tramp along the tracks, although he had not turned in until after 1 a. m.

The King climbed into the engine cab at Cheyenne at 10.15 o'clock last night and drove the train to Laramie, fifty-seven miles away, through the moonlight and up-grade much of the way.

Prince Leopold took the King's place in the cab, riding there as far as Rawlins, 113 miles away, piloting the train part of the way and not getting to bed until after 4 o'clock this morning.

The train is due at Ogden, Utah, at 3.30 this afternoon and Salt Lake City an hour later.

STATES GIVES CREDIT TO THE UKRAINE

London, Oct. 9.—The United States has opened a credit of \$15,000,000 for the Ukraine, according to the Ukrainian Press Bureau here, for the purchase of American goods.

ITALIAN CABINET WISHES REGULARS TO HOLD FIUME

Rome, Oct. 9.—Occupation of Fiume by Italian regular troops is suggested by the Italian Council of Ministers, pending a decision by the Peace Conference as to the disposition of the city, according to The Epoca. The newspaper says this solution of the problem is conditional on Italy being given a mandate to supervise the administration of Fiume under the League of Nations.

President Wilson Holds Ground He Gains, Say Doctors

Washington, Oct. 9.—President Wilson continues to hold the slight improvement in his condition noted yesterday, according to a bulletin issued to-day by Rear-Admirals Grayson and Stitt, his physicians. The bulletin said:

"White House, Oct. 9, 11.30 a.m. "While there is no material change in the President's condition, the slight improvement noted yesterday continues."

NET DEBT OF DOMINION NOW STANDS AT \$1,750,000,000

Ottawa, Oct. 9.—A disappointing situation in regard to Dominion finances is revealed in the monthly balance sheet of the Finance Department. During last month the net debt of the Dominion increased by nearly \$65,000,000 as compared with an increase of a little under \$28,000,000 for the month of September last year.

The net debt now stands at \$1,750,000,000. Before the war the net debt was \$336,000,000.

SEEK TO REGISTER CHINESE HERE

Some Thirty Wealthy Orientals Already on List; Laborites Apply for Others

Application to register three to four hundred Chinese on the voters' list for the coming Federal bye-election has been made to Judge Lampan, presiding over the Court of Revision by E. W. Ellis, campaign manager for Thomas A. Barnard, the Labor candidate who is opposing the election of the Hon. Dr. S. F. Toimie, Minister of Agriculture.

Some thirty Chinese have already got on the list. Their names were placed on during the week of registration last month because of their being a flaw in the new Dominion Election Act.

The Labor Party leaders who have been investigating the lists claim that the Chinese who have got on the list are all wealthy men. The application of Mr. Ellis is to register Chinese laborers. The Labor Party managers claim that if the Judge will permit the retention on the list of the names of the thirty wealthy Chinese, they will be able to register Chinese during the next two days the Court of Revision sits at a rate that will be limited only by speed of Judge Lampan to swear them in by the capacity of their motor cars to bring them to the Court House.

Officials at the Court House do not regard the proposal with favor as it would mean that the building would swarm with Chinese and that inter-preters would have to be secured to handle their registration expeditiously and satisfactorily. They say it would also mean that there would be delay in registering whites who are now reporting to the Judge in a steady stream.

Judge Lampan has not yet given his decision as to what may be done. He told the Labor Party managers that he would postpone for a few days their application to bring in the Chinese in order to see what he will do with those already on the list.

An amendment to the Dominion By-Elections Act, 1919, which has just been passed by the House of Commons and a copy of which has reached Victoria, provides that disqualification under the provincial laws is not affected by omissions in the Act. The clause of the amendment reads:

"Notwithstanding anything contained in the Dominion By-Elections Act, 1919, whereby the laws of any Province in Canada a person is disqualified from voting for a member of the Legislative Assembly of such Province by reason of the provisions of any law of such Province in respect of age or race, such person shall not be qualified to vote in such Province under the provisions of the Dominion By-Elections Act, 1919."

The provincial laws do not permit of Chinese voting.

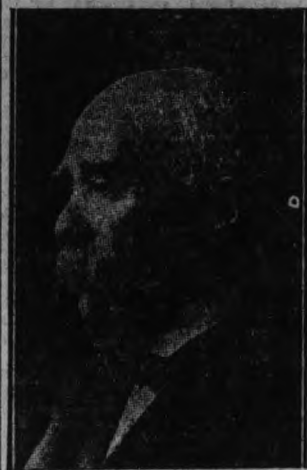

LAVA STILL FLOWS FROM MAUNA LOA

Hilo, T. H., Oct. 9.—The flow of lava in the main channel down the side of Mauna Loa increased yesterday and the stream of molten rock from the volcano into the sea continued unchecked.

More Than 30,000 Longshoremen Are On Strike at New York

New York, Oct. 9.—The placing of an absolute embargo on New York freight for trans-Atlantic shipment loomed as a possibility to-day as the longshoremen's strike entered its third day, apparently spreading rapidly. It was estimated that between 30,000 and 35,000 longshoremen had quit work and that the number might grow to 60,000. The strikers have been joined by approximately 1,000 freight checkers employed on the piers of the large steamship companies.

PUBLIC CAREER IS DRAWING TO CLOSE; M. CLEMENCEAU

CLEMENCEAU WILL QUIT PUBLIC LIFE

"Tiger" of France Will Not Be Candidate For Re-election

Paris, Oct. 9.—Premier Clemenceau told a delegation of former soldiers that he would not be a candidate for re-election either for the Senate or for the Chamber, according to M. Clemenceau's newspaper L'Homme Libre.

The probability of another assault upon the Cabinet by the Opposition has been increased by the action of the electoral committee of the Chamber in disapproving the Government's plan to hold elections for the Chamber in advance of those for the Senate. It is Premier Clemenceau's intention, according to supposition, to make this matter a question of confidence, retiring before the elections should he be defeated.

SAYS CITIES' DUTY TO PRODUCE MORE

Industrial Relations Need Re-adjustment to Avoid Bloodshed, Says Hoover

San Francisco, Oct. 9.—There are ample supplies of the most essential food commodities to feed the world until the next harvest, but there must be an increase in city productivity and a re-adjustment of industrial relations generally if a terrible era of bloodshed is to be avoided, Herbert C. Hoover told a gathering at the Commercial Club here to-day.

Delay in Peace.

"The delay in peace has, particularly in Europe, delayed the import of raw materials," Mr. Hoover continued. "There is also the large factor of social ferment arising primarily out of the necessity for economic re-adjustment of wages in the endeavor to meet the rise in prices within the vicious circle of inflation in money and credits during the war."

"There will be no use of tears for rising prices if our productivity maintains its present level for rising prices will simply be the visualization of insufficient production."

The first step in the solution of the world problem is peace, according to Mr. Hoover.

King George Probably Will SIGN THE TREATY TO-MORROW

London, Oct. 9.—"The King's copy" of the German peace treaty probably will be signed by King George to-morrow and forwarded to Paris, it was learned to-day by the Associated Press. It is expected that the signing by the King will be followed by his peace proclamation. (This would complete the ratification of the treaty as far as Great Britain is concerned). The instrument to be signed by King George is printed on vellum and beautifully bound in leather decorated in gold. For the first time in Great Britain's history wafers seals will be used instead of the ponderous hanging seals attached to former treaties. The

TREATY WITH GERMANY WILL BE EFFECTIVE FIFTEEN DAYS HENCE

That Is Opinion Held by Newspapers of Paris. German Ratification Has Been Deposited at Paris; Italian Ratification Awaited

London, Oct. 9.—Germany's ratification of the peace treaty already has been deposited in Paris. The Italian ratification, however, has not reached there.

Ratification by the French Senate and signing of the instrument by President Poincare are expected this week.

Ratification by the British Crown also is expected at any moment.

Paris, Oct. 9.—(Associated Press).—The German peace treaty, in consequence of its ratification by royal decree by King Victor Emmanuel of Italy, will become effective in fifteen days, according to the interpretation of the French press. There is considerable uncertainty in Conference circles, however, whether the decree must be approved by the Italian Parliament before it is finally effective.

It is held in some quarters that both treaties, German and Austrian, must have the approval of Parliament before acquiring the force of law, so far as concerns Italy in its internal policy, but that as concerns the other signatories, the royal decree is sufficient.

Bischoff, One of Von Der Goltz's Men, to Be Put On Trial

Berlin, Oct. 8.—Via London, Oct. 9.—Gustave Noske, Minister of Defence, told the German National Assembly yesterday that Major Bischoff, an officer under the command of Gen. von der Goltz in the Baltic provinces, would be court-martialed for urging his troops to remain there notwithstanding direct orders from Berlin that they must return to Germany.

A GREAT LAURIER MONUMENT PLANNED

Will Stand at Grave in Ottawa; Small Popular Subscriptions

Ottawa, Oct. 9.—A great monument, the cost of which is to be defrayed by popular subscription from individual admirers of the late Sir Wilfrid Laurier, is to be placed at the grave of the late Liberal Chief Minister in Notre Dame Cemetery here. This was decided at a meeting here yesterday of the executive committee of the Laurier Monument Fund. The individual subscriptions are not to exceed \$5.

It was decided to add to the executive, which consists of prominent Liberals living within easy access of the capital, the eight Liberal Premiers of provinces and Havelock Dewar, the Ontario Liberal Leader. It also was decided to ask the Liberal Provincial Premiers to take charge of the campaign for funds within their respective provinces and to organize provincial committees. They are expected to complete the organization of their committees by November 1.

The campaign for funds will be continued from that date until February 17, the first anniversary of the death of Sir Wilfrid Laurier.

TO PRESERVE FLAGS.

London, Oct. 9.—Flags flown by British ships in battle are to be preserved, according to an announcement by the Admiralty, which declares that any ship having such a flag should "frame it" and place it in a suitable position on the ship.

MANITOBA FARMERS IN POLITICAL ARENA

Winnipeg, Oct. 9.—Great efforts will be made by the Farmers' Party in Manitoba to capture the Federal seats at the next election, according to Rod Mackenzie. In twelve of the fifteen Dominion constituencies in the province, the farmers are ready to put forward candidates. The candidates have not been selected yet, but Mr. Mackenzie said it could now be definitely stated that practically every rural riding in Manitoba would be contested by a direct representation of the farmers.

VON DER GOLTZ'S TROOPS REPORTED MOVING TO GERMANY

Copenhagen, Oct. 8.—Via London, Oct. 8.—The German Government's appeal to General von der Goltz's troops to withdraw from the Baltic provinces has proved successful, according to a Berlin dispatch received here Tuesday. The return of some of the troops began on Saturday, it is declared, and several transports bearing contingents of these troops homeward bound will leave shortly.

COMMITTEE HEARD SIR THOMAS WHITE

Ex-Minister Addressed Re-Establishment Committee on Canada's Financing

Ottawa, Oct. 8.—A further statement of the difficulties facing the Government which would make payment of \$200,000,000 or more in gratuities a difficult matter for the Government, was placed before the special Commons Committee on Soldiers' Civil Re-Establishment yesterday afternoon by Sir Thomas White, former Minister of Finance.

During the morning session, Mr. MacNeill, secretary of the Great War Veterans' Association, had complained that while the evidence of T. C. Boyle, Deputy Minister of Finance, was very well in its way, it was too technical and complicated for the man in the street to fathom, and he asked that someone be called who could elucidate it. The result was the attendance of Sir Thomas White in the afternoon.

The former Minister of Finance was calling attention to the many heavy expenditures which the Government was called upon to face from the forthcoming Victory Loan. Without any new debts being incurred, the major portion of this loan would be taken up in bank debts and other obligations.

"Canada's financial position," he said, "while it should not be called critical, is still sufficiently serious because of five years' war expenditure to call for most careful administration."

"The policy of all the nations which were belligerents will be toward retrenchment for the next few years."

Another Loan.

In regard to the forthcoming loan, Sir Thomas said he had no misgivings. It probably would be well over-subscribed, but he could see that from present indications a further loan would be necessary next year. Canada had had to borrow money to finance purchases by Britain and her Allies in order that Canada's own trade might not suffer.

The ex-Minister expressed the view that should the Government decide to grant a large amount of additional aid to the soldiers the money would mostly have to be produced by domestic loans.

During the afternoon a petition was received from Toronto containing the names of some 15,000 veterans demanding that Harry J. Flynn be given recognition by the Committee and that Mr. MacNeill, of the Great War Veterans' Association, be not allowed to act as counsel any longer. This was sent as a reply to Colonel Cooper.

pleaded the cause of the young doctors who had returned to find themselves out of touch with civil life and their practices ruined. He urged that men having practiced less than one year before going overseas should be given a post-graduate course at a cost of \$500 and hospital fees, to be borne by the Government. With older doctors, it might be left optional whether they would take the course.

JAPANESE EMPEROR TO RATIFY TREATY

Paris, Oct. 8.—Ratification by the Japanese Parliament of the German peace treaty is not required by the constitution of Japan, according to information from Peace Conference circles.

Signature by the Emperor after consultation with the private diplomatic council constitutes the necessary ratification, and this is expected to take place by October 15.

HIGHER STREET CAR FARE IN WINNIPEG

Winnipeg, Oct. 8.—The city failed in its plea for a continuation of injunction against increased street car fares, and consequently the six-cent fare rate goes into effect immediately. The Public Utilities Commissioner allowed the higher fare on Friday.

Sunken Eyes Brighten Quickly Health Returns

In a Message to Ailing Women Doctor Hamilton Tells How It Is Done

In speaking of the ills from which women suffer, Dr. Hamilton points out that nine out of every ten women are by nature inclined to habitual constipation. Harsh purgatives are resorted to which only intensify the trouble. Although not generally known, it is a constipated condition of the bowels that causes half the sickness and tired weariness with which all womankind is so familiar. It was after long years of study that Dr. Hamilton perfected the pills which have been of such marvelous benefit to women all over the world. In his pills of Man-drake and Butternut every sufferer will find an absolute specific for constipation, sick headache and biliousness. It is safe to say that Dr. Hamilton's Pills bring better health and keep the system in a more vigorous condition than any other medicine ever discovered. At all dealers, in 25c boxes.

HIGHER WAGES.

London, Oct. 8.—A court of arbitration which considered the demand of the train men and dock workers in London and the provinces has made an award granting an increase in wages amounting to four shillings weekly to those more than eighteen years old and two shillings to those below that age. The second agitation among the men was for an increase of twelve shillings weekly.

ONTARIO CANDIDATES.

Belleville, Ont., Oct. 8.—J. W. Galloway, of Trenton, president of the Trenton Labor Council, is the candidate of the Labor-United Farmers in West Hastings for the Ontario Legislature in the forthcoming provincial general election. Mayor W. H. Ireland, of Trenton, is the Conservative candidate, and Colonel O'Flynn is the Liberal candidate.

DE VALERA TO SPEAK.

Spekane, Oct. 8.—Edward de Valera, who calls himself "President of the Irish Republic," will deliver an address in Suken November 9, according to word received by the local council of the Knights of Columbus. Arrangements are being made for a reception and a parade.

TAXES IN TACOMA.

Tacoma, Oct. 8.—In order to increase salaries of the city employees the City Council has adopted the highest budget for 1920 the city has had to bear in recent years. It will require a tax of 23.3 mills.

CIVIL SERVICE BILL BEFORE COMMONS

Reported Last Night by Committee Which Considered It

Ottawa, Oct. 8.—The bill to amend the Civil Service Act and to confirm the classification of the outside and inside civil services, which had been occupying the attention of a special committee of the Commons all this week under the chairmanship of Hon. A. K. Macdonald, was reported to the House last night.

Some amendments of importance, drafted by a sub-committee, were incorporated in the bill as reported. One would extend the privilege enjoyed by soldiers in connection with the filling of Government vacancies to widows of men who lost their lives at the front or who died as the result of participation in the war.

Salaries.

Another amendment would preserve the status of present members of the civil service insofar as increases in salaries to the top of their class is concerned.

A proposal to have the House of Commons staff removed from the jurisdiction of the Civil Service Commission to that of the Speaker of the House of Commons was not accepted, but this matter is likely to be considered further by the Board of Appeal and Recommendations.

There was a considerable divergence of opinion over the House of Commons having control of its officials.

Railway Bill.

Questioned about the bill relating to railway matters which is expected to be brought down, the Government promised an announcement.

Shipping.

Replying to a question by J. E. Armstrong, Sir George Foster, Minister of Trade and Commerce, stated that the Dominion Government had called the Imperial Government's attention to injustices in connection with the supervision by the British Ministry of Shipping over the employment of vessels under charter by Canadian shipping interests.

In reply to another question Sir George stated that the Canadian Government would co-operate with the Imperial Government and other Overseas Dominions in considering the question of the supervision and control of ocean tonnage between the different parts of the British Dominions.

The reference to a report of a British royal commission in favor of Government supervision of the transatlantic shipping, the Minister stated, probably would form a subject matter of consideration at the next Imperial Conference.

Tariff.

Just before adjournment J. H. Burnham endeavored to precipitate a discussion to the absence of any reference to tariff protection in the outline of Government policy which appeared in the newspapers subsequent to the recent Unionist caucus, but the House was not disposed to discuss the matter.

Elections Bill.

Ottawa, Oct. 8.—Double representation of constituencies in the Dominion House of Commons will not be permitted in future if amendments to S. W. Jacobs' bill to change the House of Commons Act, agreed to by the Privileges and Elections Committee, are approved by Parliament.

Mr. Jacobs' bill as originally introduced provided that a member elected for two seats must make a choice within thirty days as to the riding he proposes to represent. The Committee, after considerable discussion, agreed to an amendment that no person shall be eligible to sit in the House of Commons for more than one electoral district at the same time, and further provision that if a man accepts nomination in two constituencies, such nominations will be null and void.

The clause in Mr. Jacobs' bill which made provision for the filling of within sixty days vacancies which occur also was changed. The amendment provides for the filling of such vacancies within six months.

Rowell to Act.

Ottawa, Oct. 8.—During the absence of Sir Robert Borden from Ottawa, Hon. N. W. Rowell, President of the Privy Council, will be Acting Secretary of State for External Affairs.

To Europe.

The chief feature of a caucus of the Liberal Party held yesterday was the wishing of Godspeed to Hon. Rodolphe Lemieux and Hon. H. S. Beland, who are to leave at once on a trip to Europe.

Mr. Lemieux, who will be accompanied by his family, will visit the grave of his son, Lieut. Roddy Lemieux, who was killed in action and who is buried in France.

Dr. Beland will visit relatives of his late wife, who died in Belgium when he was a prisoner of war in Berlin.

COURT WILL DECIDE.

Olympia, Wash., Oct. 8.—Whether money repaid by borrowers from the Veterans' Welfare Commission funds may be relicensed by the Commission or must be turned in to the state treasury when collected will be determined by the Supreme Court.

WILLIAM IRWIN HEARD THE CLOCK STRIKE EVERY HOUR

Couldn't Sleep or Eat to Do Any Good Before Taking Tanlac

"I feel a different man to what I did before I began to take Tanlac," says William Irwin, 54 Hastings, West, Vancouver, who for thirty-five years has been one of the well-known woodmen of the West.

"For fourteen years I have suffered with stomach trouble," continued Mr. Irwin, and I got to the place where I didn't want to eat anything, and even the smell of food would sometimes cause me to get up and leave the table without eating a bite. And when I did eat anything I didn't get any pleasure out of it, for it seemed that everything I ate caused gas to form on my stomach and the gas pressed up on my heart so that I thought I would smother at times. It was not a thing unusual for me to have dizzy spells and bad headaches, and I did not expect to get well in a day, so I was taking laxatives all the time. I was so nervous that I couldn't sleep well at night, and I would often hear the clock strike every hour. Once in a while I would seem to rest well, but when I got up in the morning I didn't feel much and never felt much like working 'til up around noon.

"I have taken twelve bottles of Tanlac off and on and I find that it is the only medicine that has helped me, and I have taken lots of other medicines during those fourteen years. My appetite is now so that I can eat most anything, and I digest it without much trouble. My case has been of long standing, and I did not expect to get well in a day, so I was taking laxatives all the time. I was so nervous that I couldn't sleep well at night, and I would often hear the clock strike every hour. Once in a while I would seem to rest well, but when I got up in the morning I didn't feel much and never felt much like working 'til up around noon."

A. L. GARTSHORE IS HELD AT VANCOUVER

Vancouver, Oct. 8.—A. L. Gartshore, whose conviction on a charge of selling liquor was quashed by the Supreme Court and then reinstated by the Court of Appeal, surrendered himself to Deputy Inspector Owen, of the Provincial Police, yesterday. Shortly after his conviction was quashed he left the province, and when the crown's appeal against the quashing was upheld by the Court of Appeal he was in California. He has now returned, and was taken into custody under the original warrant of commitment.

His counsel, Charles Wilson, K.C., promptly went to Victoria to apply for writ of habeas corpus.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing, and have head noises, will be glad to know that this distressing condition can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving them from suffering years from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parment (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

IVENS ADDRESSED MEETING IN SARNIA

Sarnia, Oct. 8.—Despite the fact that he had been refused permission by Mayor Nesbitt to speak in the City Hall or on the city property in Victoria Park, Rev. William Ivens last night successfully addressed a gathering of some 300 citizens in Moose Hall here.

Long before the hour for the meeting the largest crowd ever seen since the declaration of peace assembled. A band paraded up and down the streets, followed by a large crowd. Everywhere, arguments were carried on.

The Citizens' Safety League held a mass meeting, and following the announcement of Mayor Nesbitt that he did not wish to read the Riot Act and that the police had instructions to see that law and order were kept, the League members seemingly vanished at 9 o'clock. Mr. Ivens took the platform in Moose Hall and began speaking soon afterwards on the Winnipeg strike.

DRUGGISTS DISCUSS ASPIRIN QUESTION

Should Be No Patent For
Name, Says Pharma-
ceutical Association

Winnipeg, Oct. 9.—The convention of the Dominion Pharmaceutical Association met here yesterday afternoon to hear the reports of the various committees. Interesting facts relating to the advance of pharmaceutical education facilities in Canada were brought out and a recommendation was made for an early faculty conference.

The commercial report recommended, among other things, an early change in the schedule of retail prices for druggists and reference was made to the havoc created in this respect by last fall's epidemic of influenza. A rider was added urging both single and collective resistance to any encroachment of German-made products in the Canadian market.

Dr. B. W. Tobin, of Toronto, was

requested to withdraw from the convention following a discussion about aspirin. Dr. Tobin is the Canadian representative of the Bayer interests, New York, original dispensers of aspirin. Following a suggestion by J. E. Tremble, Quebec, that Dr. Tobin be asked to speak on the topic, Delegate Knowlton, Vancouver, and Delegate G. E. Hibbard, Toronto, opposed the hearing, the former stating that German propaganda was still in operation in Canada, in his opinion. The vote was then passed.

The address of Dominion President E. Nesbitt, Winnipeg, formed the theme of discussion and aspirin was the principal subject.

Although there was some little difference of opinion, the convention virtually was in accord with the idea that the patent protecting the name "aspirin" from general use should be cancelled in Canada, as it had been in the United States.

A SPOKANE DEATH.

Spokane, Wash., Oct. 9.—James P. Rogers, a veteran railroad man of the Northwest and Alaska, died last night. At one time he was superintendent of the Spokane, Portland and Seattle road, and with the White Pass & Yukon in Alaska for seven years. For three years he was superintendent of the Spokane Union Station.

CLOTHING PRICES TO BE REGULATED

Must Come Down, Says
Murdoch, of Commerce
Board

Toronto, Oct. 9.—Immediate and effective action to regulate clothing prices was forecast by Commissioner Murdoch, of the Board of Commerce, at the conclusion of the Board's investigation into clothing prices here yesterday afternoon.

Col. W. H. Price, Government counsel, had addressed the Commissioner, calling attention to evidence which he said warranted action on the part of the Board, and Commissioner Murdoch replied:

"I am firmly convinced that something should be done to reduce the price of clothing, and so far as I am concerned, as one member, I hope to see something done promptly and effectively."

Commissioner Murdoch said he concurred in Col. Price's declaration that there had been too much profit made by some of the clothing houses

whose affairs had been investigated. "And I am further of the opinion," he went on, "that there is more than net profit involved—that there is real net profit to some extent hidden in certain other items referred to in a general way as overhead. I think the people of the country demand, and are entitled to, a change in the situation."

No Increase.

Toronto, Oct. 9.—The price of flour in Canada is not to be raised. This statement was made yesterday afternoon by C. B. Watts, of the Canadian Wheat Board, after a conference with representatives of millers.

The millers wanted an increase of 30 cents a barrel. The price is \$10.50 at present.

James Stewart, of Winnipeg, chairman of the Wheat Board, presided over the meeting.

New Brunswick Merchants.

Moncton, N. B., Oct. 9.—At the fifth annual convention of the New Brunswick Board of Retail Merchants' Association of Canada, which opened here yesterday, the commissions appointed by the Government to inquire into the high cost of living came in for strong condemnation at the hands of J. A. Banfield, president of the Dominion Retail Merchants' Association, of Winnipeg; Dominion Secretary Trower, of Ottawa, and Provincial President Skinner, of St. John. These officials strenuously objected to the retail merchants being classed as profiteers and thieves and contended that the forty and fifty per cent. profits, which it had been stated some merchants were making were the gross profits and did not allow for overhead expenses. Strong resentment was displayed in the speeches at the Government appointing commissions to inquire into the high cost of living without the retail merchants being represented on these boards.

No Mandate.

It was contended that the Labor men were being given more representation and having more to say about the affairs of the country than they were entitled to. It was charged that the Labor men were trying to run the country and the Retail Merchants' Association was urged to take steps to prove to the Government that the professional class and Labor men had no mandate to speak for the merchants of the Dominion. Provincial President Skinner declared that this convention should make it plain to the Government that the retail merchants would not stand for a board of lawyers coming into their stores and making them show what they were paying for their goods.

At Vancouver.

Vancouver, Oct. 9.—No extraordinary profits are being made by retailer, wholesaler or producer, in the opinion of Daniel Naismith, a wholesale produce merchant here. The high cost of living is due solely to the extra cost of producing and handling the necessities of life, he told the cost-of-living inquiry here yesterday.

As far as his own personal experience in the wholesale produce trade has been concerned, he had no hesitation in telling the examiner, Lieut. Col. H. D. Hulme, that had he invested his capital in Victory Bonds he would have been considerably farther ahead.

Eggs.

When asked as to the quantity of eggs his firm had in storage, he informed the examiner that with 30,000 dozen now in storage and 15,000 dozen expected to arrive in a day or so, his firm would have 45,000 dozen. The fact that so many eggs were being held in storage did not mean that the price was being kept up in this manner, he declared, pointing out that since nature had decreed that certain months in the year were egg-producing months, if none were held in storage there would be periods when eggs would be plentiful and cheap, and other periods when they would be scarce and "worth their weight in gold."

NANAIMO JURY
COULD NOT AGREE

Nanaimo, Oct. 9.—For the third time a jury has failed to agree upon a verdict in the trial of Imouyi, a Japanese charged with the murder of Mrs. Yamani, a Japanese woman, at Cumberland, June 23, 1918. The case, transferred from the last assize, was brought for retrial at the present sitting of the assize court in this city before Mr. Justice Clement.

Evidence was heard on Tuesday, and the jury, after deliberating an hour and a half yesterday afternoon, reported there was no possible chance to agree upon a verdict and was dismissed.

The court will decide as to the course of action in regard to the accused Japanese, and also will take up the case of J. Duggan, charged with the murder of M. Dockerty at the Quail Military Hospital on June 13 last.

200 MORE EXECUTED
BY THE BOLSHEVIKI

Washington, Oct. 9.—Advices received by the State Department yesterday said 200 persons were reported executed by the Bolsheviki as a result of the action of the Bolsheviki extraordinary commission at Moscow, following the surrender of the town of Gransia-Gorka by Bolsheviki troops.

London, Oct. 9.—Confirmation of recent reports that Gen. Simon Petlura, the Ukrainian military leader, had declared war on Gen. Denikin, the Cossack anti-Bolshevik commander in South Russia, was given today by the Ukrainian diplomatic mission in London.

The mission stated that it had received an official telegram from Kamenetz-Podolsk making this announcement.

GEN. MANGIN TO JOIN GEN. DENIKINE

Paris, Oct. 9.—The Eighth and Tenth French armies are being broken up as units, and Generals Mangin and Gouraud, who commanded them, were recalled and placed at the disposal of the Minister of War.

General Mangin is to proceed to South Russia and join General Denikin, anti-Bolshevik commander there, according to L'Esclaire. He will be accompanied by M. Kalukoff, Russian Ambassador to Paris, their mission being to co-ordinate the policies of the anti-Bolshevik Governments.

General Gouraud, whose brilliant defence in the region east of Rheims baffled General Ludendorff in his attempt to crush the French army in the offensive of July, 1918, has been appointed High Commissioner of France in Syria and Commander-in-Chief of the French army in the East. His appointment will be made officially public in The Journal.

LAPOINTE NOMINATED IN QUEBEC EAST

Quebec, Oct. 9.—Ernest Lapointe, member of the Commons for Kamouraska, was the unanimous choice of the Liberal convention here last night to be the Liberal standard bearer in the Quebec East bye-election to succeed Sir Wilfrid Laurier.

Mr. Lapointe, who previously had been called to preside over the meeting, did not accept right away, but said he would give his answer to the electors on Friday evening when Hon. H. S. Beland, M. P., will hold a meeting in Quebec East previous to his departure for Europe.

A feature of the convention was the arrival toward the middle of the meeting of Oscar Drouin, who had refused to accept the conditions of the convention, and his announcement that he would withdraw from the fight provided Ernest Lapointe accepted the candidature, but should he refuse Drouin would remain in the fight until the finish.

CONVICTION UPHELD

San Francisco, Oct. 9.—Conviction of John Shea, of Cordova, Alaska, for second degree murder for shooting and killing Rance W. Book at that place November 14, 1917, was upheld by the United States Circuit Court of Appeals here yesterday.

Mrs. Horn's
Makes Biscuits

This is a simple, old-fashioned recipe. Mrs. Horn copied it from her mother's book. She uses Pacific Milk instead of fresh milk because it makes them nicer. She takes 1 quart of flour, 2 teaspoons of baking powder and ½ teaspoon salt. Then she dilutes one part Pacific Milk with two parts water, using enough to make a stiff dough. They're cut with a biscuit cutter and baked 20 minutes in a hot oven. You may have this recipe because it is quite a common one.

GERMANY DOWN AND OUT, SAYS F. A. BRITTEN

Berlin, Oct. 8.—via London, Oct. 9.—Fred A. Britten, United States Congressman, who has been in this city for some time, takes issue with Henry Morgenthau, who recently expressed the view that Germany came through the war a "perfect dynamo of strength." Mr. Morgenthau, among other things, said that "Germany undoubtedly will resort to arms within a few years and regain her lost territory."

Mr. Britten said he could not understand the statement, adding: "At the present time the Germans are wholly under the control of the Entente. Germany is down and out, and a return to militarism in the old sense is out of the question, because the Government prevails against it."

LACK OF SUGAR.

Spokane, Oct. 9.—A semblance of conditions which prevailed during the war has returned to Spokane because of the sugar shortage. Several restaurants to-day removed the sugar bowls from their tables in an effort to conserve the supply of "sweetening" until additional shipments arrive.

Too Ill to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring Women to health and strength.

Here is a Notable Example

St. John, N.B.—"I have used Lydia E. Pinkham's Vegetable Compound for bladder and kidney troubles and backache and find it the best medicine I ever took. I used many other remedies with very little result. I had two miscarriages and would have been in my grave ere this if it had not been for your medicine. I always keep a bottle of Vegetable Compound in the house, and I feel fine to do my work for five in the family. I have recommended your Compound to many people, and you may use this testimonial if you like. It may help some other woman."

And Another

Regina, Sask.—"I was going through the Change of Life and suffered two years with headaches, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results. I also find it a very helpful spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends and am willing you should publish this."

REGISTER! REGISTER! REGISTER!

Any time up till six o'clock to-day and until five o'clock on Saturday afternoon all those persons eligible for admission to the Federal voters' list and who have failed to register may do so by applying to Judge Lampman's Court of Revision. After five o'clock on Saturday there will be no other opportunity, and those who have not taken advantage of the extended period for registration will not be able to cast ballots in the by-election which will take place in this city on October 27 next. It should be noted, moreover, that no good purpose will be served by those who have failed to register to make application at the polling booths on the day of the election. This procedure would be a waste of time for the applicant and cause additional work for the officials on duty at the booths. It is the duty, therefore, of all eligible voters not on the lists to take advantage of the opportunity offered by the Court of Revision. Canada's problems demand that her adult population, male and female, should take an active interest in her affairs. The most effective demonstration of that interest is by way of the ballot box.

CANADA AS A BORROWER.

Sir Thomas White, former Minister of Finance, yesterday told the special committee on Soldiers' Civil Re-establishment that, judging by present indications, another domestic loan would be necessary next year. The proceeds from the loan about to be issued, he explained, would be taken up, for the most part, in bank debt and other fixed obligations.

While admitting the necessity of the present loan, which no doubt will be subscribed according to expectations, it is to be hoped there will be no necessity for one next year. Whether it will be necessary or not, however, will depend upon the manner in which the Government administers the finances of the country. If it continues its present system of raising revenue it certainly will have to keep borrowing, but, obviously, there is a very definite limitation to this recourse; a limitation imposed by the debt-carrying capacity of nine million people. An increase in the customs tariff is outside the question, for that would create a very grave internal situation. In fact, there is a strong widespread demand for tariff reduction.

The Government sooner or later, therefore, will have to find other sources of revenue. It will have to resort to a larger measure of direct taxation, and the prospects are that it will be compelled to do so in very much the proportions in which the Governments of Great Britain and the United States found themselves forced to do it. And with this adjustment of its policy there must be stern retrenchment. This will prove unpopular, but either this Government or another one will have to show sufficient nerve and firmness to carry it out. The best medicine often is the bitterest. Borrowing is an easy and convenient sedative, but beyond a certain fixed point it is not a remedy; on the contrary, in the long run it invariably is a very dangerous substitute for a remedy.

SETTLING IDLE LANDS.

On more than one occasion the attention of the general public has been directed towards the agricultural possibilities of the northern central section of the Province. The Land Settlement Board has shown its belief in the potential wealth of many of the larger districts by establishing its own areas for conversion from their idle condition into one of productivity. By its policy under the provisions of the Land Settlement and Development Act of 1917, and the important amendments which enlarged the powers of the Board twelve months later, many thousands of acres have reached a stage of production which has guaranteed a good livelihood to scores of new settlers.

Yesterday's announcement by Premier Oliver, to the effect that nearly 35,000 acres, belonging to Mr. Rattenbury, had been disposed of by private enterprise to individual settlers between Stewart Lake and Hazelton, is evidence in itself that the land policy of the Government through its Land Settlement Board will result eventually in an agriculturally prosperous British Columbia.

It goes without saying, of course, that the amendments to the Land Settlement and Development Act passed at the 1918 session of the Legislature were unpalatable to the speculator and the indifferent absentee owner. The cry of "confiscation" came from not a few directions. Compulsory development up to the standard set by the Board, sale to the Board at its own appraisal figures, or the imposition of a heavy wild land tax and super-tax by reason of non-development were conditions of retention which differed very materially from those which characterized the former policy of alienation for the benefit of the speculator. It was the only remedy, however, that would effect the conversion of some of the best agricultural land of the country from its virgin state into one of profitable production. The beneficial result of that policy, moreover, is aptly illustrated by Mr. Oliver's announcement to the Times yesterday.

FUTURE WOODEN SHIPBUILDING.

If the two local shipbuilding concerns are successful in launching construction programmes on the community plan their enterprise will deserve all the support that can be given. It will be a great pity if, after the last ship of the French contract has taken the water from the Foundation Company's plant and the last of the three from the Chelberg ways has been launched, wooden shipbuilding were to cease altogether. Just how the co-operative enterprise would work out in practice can only be discovered after a test. It goes without saying, however, that if the shipyard workers, their employers and the people of the community as a whole are intent upon the realization of the present aims, nothing should hinder its success. Moreover, it should be remembered that with the possibility of both yards closing after the work now on the ways is complete, Victoria's industrial turnover must be prepared for a check. This should furnish the co-operative programme with a very strong argument.

AT MOSCOW.

Helsingfors, Finland, which is running Stockholm a close race for the dubious distinction of being the chief purveyor of sensational news of happenings in Russia, reports the arrest and imprisonment of Lenin by Trotsky. Stockholm, not to be outdone, says the man who upset Lenin is Dershinsky, one of the 'People's' Commissioners, who is directing the movements of the army. Reval, formerly the great Russian naval base on the Baltic, which is coming along rapidly as a disseminator of head-liners, declares a counter-revolution has developed in Moscow, that a reign of terror has been begun against the Bolsheviks, and that Jacob Peters, one of the Bolshevik leaders, has been killed.

If Lenin has been arrested and imprisoned by Trotsky, then the Bolshevik Minister for War is the boss of Moscow. If Dershinsky, a Polish anarchist of brutal proclivities who looks and acts like a gorilla, is in charge, then both Lenin and Trotsky must have been overthrown. Jacob Peters, who is reported to have been killed, is a notorious anarchist who lived for some time in London, and is suspected of having been implicated in the Sydney Street murders of a few years ago.

Notwithstanding the doubtful character of the news from the places we have mentioned, however, the very presence of such men as Dershinsky and Peters in Moscow is a guarantee that sooner or later bloody business must be afoot there. Nor would it be at all surprising if these anti-fascist demonstrators of the blessings of Bolshevism had begun to destroy one another. They would have a perfect historical precedent. This precisely is what happened when Danton, Robespierre, Marat, Hebert and the rest of the Girondin and Jacobin leaders began to quarrel among themselves in the first French revolution. They started to cut off one another's heads until finally Robespierre remained the sole dictator, and then he, too, became a victim of Madam Guillotine.

LET THE AIR ABSORB IT.

If there is one thing the agitator values more than anything else it is the white light of publicity. Advertisement is his meat and drink. Sarnia, however, apparently did not realize that in its objection to a public address by the Rev. William Ivens—of Winnipeg strike fame—it was merely adding to that gentleman's stock-in-trade. Every newspaper from the Atlantic to the Pacific has carried the news of Sarnia's attitude towards Mr. Ivens, and it is unquestionably an attitude shared by the great majority of the people of the country. But since when has Canada discovered that the forensic displays of William Ivens will translate Confederation into a Soviet? Three hundred people went to hear him last night and about eight million Canadians were attending to their own more profitable business.

It was no compliment to the intelligence of the Canadian people to imagine for one moment that there would be any trembling on the words of the Rev. William Ivens. Admittedly conditions in this country are entirely different to those obtaining in the Motherland, where a pronounced cosmopolitanism imposes a brand of toleration quite unnecessary in Canada. At the same time there is much to be said for the Hyde Park principle, which permits all and sundry to perform verbal gymnastics of many varieties from a soap box elevation. Many a red revolutionary has sizzled in his own heat for hours at a stretch, thoroughly convinced that he has performed a service to humanity. Sarnia might easily have compromised with Ivens by providing him with a large open space where the kiss of a temperate breeze could have cooled his feverish brow. There is nothing like exposing the revolutionary germ to the fresh air; it thrives in the stuffy atmosphere of a garret meeting.

ABRAHAM LINCOLN AT MANCHESTER.

As for the comparative merits or demerits of the statue of Abraham Lincoln by St. Gaudens and George Gray Barnard, both of which are now in England, the one at Westminster and the other in the cotton metropolis, that is an old story which has ceased to have more than an academic interest. Those who took part in the art controversy will hold the same opinion still, as is usual in such cases. No better place than Manchester could have been selected for the site of a memorial to Lincoln. In that city were some of the most prejudiced foreign enemies of the American President, those who sympathized with the South because they thought that their business interest lay that way. But there was also in Manchester a group of strong-willed and intelligent persons who realized that it would be a calamity for the world and for democratic institutions everywhere if this Union should perish. To these, Lincoln was as commanding and inspiring a figure as Washington had been to philosophical radicals of the time of the American Revolution. If the modest Lincoln could revisit the glimpses of the moon he would be interested to see himself in effigy not far from the statue of Oliver Cromwell, the Great Protector, and close to the ancient shade of the mother of Parliaments. But he would be equally pleased to discover that his statue had become one of the sights of the industrial city of the North. Anyhow, here are two concrete indications of the place that Lincoln holds among the English-speaking men and women who live and work outside the boundaries of the United States.

GUN-A-NOOT WAS FOUND NOT GUILTY

Indian Freed of First Murder Charge; Other Charge Undecided Yet

Vancouver, Oct. 9.—It required but fifteen minutes' deliberation on the part of the jury, in whose hands his fate rested, to acquit Simon Gun-a-Noot late yesterday afternoon of the charge of having murdered Alex. McIntosh. The picturesque super-Indian received the verdict with characteristic stoicism. The jury's decision closed a trial without parallel in the criminal annals of the Dominion. An outlaw thirteen years, hiding in the wilderness of Northern British Columbia, during which period the Government spent \$50,000 in his pursuit, and who then pursued his pursuers to give himself up, faced court, jury and spectators, a giant figure in a unique and historic case. But neither visions of home and family, of prison walls nor scaffold disturbed the resolute mind of this bronze adventurer, expert shot and horseman, fisherman, farmer and prospector throughout the three days of the trial.

He had decided to emerge from ambush, according to his counsel, Stuart Henderson, to educate his children and to face the trial which he knew awaited him, had prospecting with success for the necessary funds, and now the Crown, he stated, had failed to make out a case.

"The duty of the jury," he added, "is to acquit the prisoner. I ask no mercy, but plain justice." Counsel for the Crown, Alexander Henderson, K.C., commented on the popular sympathy for a picturesque outlaw and of the romantic flavor of Gun-a-Noot's thirteen years in the wilds of Northern British Columbia.

"But," he continued, "no sympathy should enter into the consideration of your verdict. You are concerned with the evidence, and the evidence alone." After reviewing the testimony in his charge to the jury, Mr. Justice Gregory said: "You are called upon to form a series of conclusions, and if you can do so, you should not convict this man." Gun-a-Noot also is charged with murdering Le Clair, a half-breed whose body was found near McIntosh's on the same day, June 19, 1906, at Hazelton. Mr. Justice Gregory stated that in view of the present verdict, at which he was not surprised, he could see no reason why the Crown should proceed with the other case, but the Crown counsel said he would not take the responsibility of making any decision until he had time to confer with the Attorney-General's Department. The evidence would necessarily be almost identical and the impression was created that it would not be so strong in relation to Le Clair as in relation to McIntosh.

INTEREST GROWING ON POTASH HOPES

Premier Oliver Hears From Mining Editor and Gives Explanations

Lively interest in the mining world has been created by Premier Oliver's observations at New Westminster on Friday last in connection with the potash deposits on the West Coast of Vancouver Island. E. A. Haggan, editor of The Mining and Engineering Record, has written to Mr. Oliver on the strength of the press reports asking him for a detailed substantiation of his remarks, which Mr. Haggan considers to be of great importance.

In reply the Premier suggests that the Vancouver press reports were somewhat magnified although, from information received, he considers that the statements he made at New Westminster were fully warranted. Mr. Oliver goes on to point out, however, that his announcement was to the effect that he had been informed of the existence of a large body of rock containing alum and potash, while a report of a favorable analysis has been shown to him. If the analysis were a true one, he said, British Columbia would be independent of other sources of potash supply. The Premier, in his letter to Mr. Haggan, points out the value of potash as a fertilizer and that British Columbia lands, particularly on the coast, were deficient in this respect.

Mr. Oliver also makes it clear to Mr. Haggan that he has arranged to get an independent analysis made—the statement that this had been done by the Premier already was erroneous—and upon the result of that analysis would depend the nature of further information. Mr. Oliver further emphasizes the fact that he did not speak of the matter at New Westminster either as a new discovery or as a fully established fact. Notwithstanding an apparent dubiety, presumably displayed by Mr. Haggan, the Premier considers, from the nature of the information supplied to him, that he was warranted in the statements made.

DR. TOLMIE ARRANGES FOR BIG MEETING

Women Workers Busy Registering Voters; T. A. Barnard Meets Workers

The first big meeting of the Hon. S. F. Tolmie, Minister of Agriculture, in his by-election campaign here, will take place on Thursday, October 23, it was announced at the Unionist headquarters to-day. The meeting will be held in the Royal Victoria Theatre.

So far this is the only meeting arranged by the Minister and will likely be the chief meeting of the campaign. Ward meetings may be arranged in various parts of the city during the next two weeks.

Dr. Tolmie met his supporters in Ward 1 at the committee rooms, 1317 Government Street, last night. Organization for the Ward was completed with William Mable elected chairman and Douglas Gray, secretary.

Women canvassers for Dr. Tolmie are covering every part of the city to make sure that every person possible is registered. Many of them are being taken to Judge Lampman at the Court House in automobiles. To-day carloads of men from Craigdarroch were taken before the Judge by women workers.

Thomas A. Barnard, the candidate of the Federated Labor Party is now getting to work. He is busy most of the day interviewing electors at his campaign headquarters at the Crystal Theatre, Broad Street. To-night he will meet, in a committee session, persons who are opposed to the Union Government. His next meeting is announced for Saturday night in the Crystal Theatre. This meeting will be open to everybody and not restricted solely to returned soldiers as was last night's gathering.

ACTION ON HOUSING SCHEME PREDICTED

Council May Do Something on Long-Delayed Question at Meeting Monday

The City Council may stir up the dying embers of the Housing Scheme on Monday night when, it is expected, the special committee considering the Minister of Lands' latest information will bring in a report. After months and months of fruitless argument the Council, it is hoped by those interested in the Housing Scheme, will do something definite and dispose of the question one way or the other.

How the committee will report is a matter of uncertainty at present, and how the Council will act on receipt of that report is still more difficult to say. The Council has changed its mind so often over the matter that a decision either way would come as no surprise. It is known, however,

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, October 9, 1894.

The old wooden water main used twenty-five years ago to supply the residents of Government Street with the pure water of Spring Ridge was unearthed this morning by the sewer contractors. The pipes are just as solid as when they were put down.

Sewer construction has been commenced on the main business streets in the lower part of the city. When this and the work which has been under way for some time, has been completed, all the main streets will be sewered.

Alderman Dwyer has given notice of motion to authorize the sale of lands within the city of Victoria on which taxes have been due and in arrears for two years.

that many of the aldermen still hold that the city has no legal right under the Municipal Act to issue debentures required as security for its housing allocation. The Minister of Lands declares that the city does possess this power and can go ahead with the scheme.

Many of the aldermen, while advancing a legal objection, do not favor the Housing Scheme at all anyway. Judging by the individual expressions of opinion made by members of the Council, soldier house in Victoria are faint possibilities.

CALGARY VETERANS SUPPORT BARNARD

"The Great War Veterans' Association of Calgary have decided to do what they can to secure the election of Thomas A. Barnard, Labor candidate, over the Hon. S. F. Tolmie,

Minister of Agriculture, in the coming by-election in Victoria.

"We are glad to hear that you are opposing Dr. Tolmie, Minister of Agriculture and wish you every success," was the message they sent to Mr. Barnard to-day through their secretary, S. G. Pelley. "If there is anything we can do to assist you we would be glad to have you call upon us."

"The Calgary bunch is the liveliest branch of the G.W.V.A. that there is in Canada," said Mr. Barnard to-day in making the announcement that he had been guaranteed their support. He has not yet decided in what way he can call on them for aid.

Evergreen Highway President
Says B. C. Has Not Fulfilled
Unofficial Promises

Victoria, Vancouver and other parts of British Columbia may be eliminated from the moving picture films being spread over the continent by the Evergreen Highway Association, because the Province has not fulfilled unofficial promises to contribute to the support of the association, according to F. H. Sweetland, of Tacoma, president of the association, who is now inspecting some of the roads of the Province.

"Specific benefits from the publicity being carried on by the Evergreen Highway Association will be denied British Columbia altogether after the next two or three weeks unless public recognition is granted on a substantial scale," said Mr. Sweetland. "That is, the moving pictures illustrating the scenic attractions along the route from El Paso north will not include anything north of the boundary line. It has been decided that other publicity material such as maps, road bulletins and leaflets will include mention only of those states which are supporting the propaganda of the association."

"The moving picture man is now taking pictures in the south, and a fifty-two-week release in thousands of motion picture houses all over the eastern and southern states has been contracted for. British Columbia is bound to reap benefits from the propaganda. You can't obliterate her from the map, but it is not like Victoria and Vancouver people, as I know them, to sit back in a matter of this kind and attempt to reap benefits from operations in which they are not participating. In the course of the next few weeks you must organize the highway campaign, and it will be on the basis of the practical co-operation we receive from the various districts."

TAXPAYERS DECIDE TO WATCH AFFAIRS

Esquimalt Property Owners'
Association Announces Its
Platform

In line with its policy of keeping a close watch on municipal affairs and the administrative acts of the Esquimalt Council, in order that no extravagant undertakings may be launched or the welfare of the residents in any way made to suffer, the Esquimalt Property Owners' Association last night adopted the following programme as its platform:

1. Oppose remuneration for members of the Council.
2. Oppose the candidature of any person who is a shareholder or employee of any company or person doing business with the municipality.
3. Oppose the candidature of any person having business with the municipality as agent or principal or through an agent.
4. Oppose the ward system. (For electoral purposes Esquimalt is now divided into three wards).
5. Employees of the municipality should be resident property owners.
6. Municipal administration on sound business lines, progressive but economical, ensuring that full value be received for every dollar of the taxpayers' money.
7. Favor fair wages for municipal employees.
8. Reform of municipal administration such as would be beneficial to the community.

Stringent Terms.

Col. John Hall occupied the chair and will act in that capacity for the time being. The executive committee will be composed of five members. Stringent reservations are made with respect to eligibility for membership in the association, some of the terms being as follows: Member must be a property owner; must not be under contract or service to the municipality; must not be a member of the Council or an employee of the municipality; must not be an employee or shareholder of any company or person having other relations to the municipality than that of taxpayer; must declare the intention of not being a candidate for election to the Council until one year after ceasing to be a member of the association; must promise not to undertake a contract for the municipality within the same period.

Aims of Association.

"To watch over and protect the property owners of Esquimalt," is the expression used by the special committee whose recommendations respecting aims and objects of the association were adopted. They are as follows:

1. To inquire into, analyze and report upon questions of municipal taxation, revenue and expenditure; to compare Esquimalt's expenditure and the results obtained with corresponding data relative to other municipalities.
2. To inquire into and report on municipal improvements not receiving the attention desired.
3. To make representations to the Municipal Council on any of the above subjects.
4. To bring matters of importance to the attention of the association by submitting them to meetings or by other means, and take such action respecting elections as may from time to time be deemed expedient.

A BEDTIME STORY

UNCLE WIGGILY AND THE DIPPER

Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard F. Garis.)

"What are you going to make now?" asked Uncle Wiggily of Nurse Jane Fuzzy Wuzzy, as the rabbit gentleman hopped into the kitchen of his hollow stump bungalow one morning.

"A cake is what I'm going to make," answered the muskrat lady housekeeper. "But this time I'm not going out and leave it half finished. If I do you might put in red pepper instead of cinnamon, just as you did put stickery chestnuts in the cake I left unfinished yesterday."

"I'll bake no more cakes," laughed Uncle Wiggily. "I'll leave them for you. But what kind are you going to make now?"

"Cocoanut cake," answered Nurse Jane. "And I wish you'd go to the store and get me a fresh cocoanut."

"I will!" promised Uncle Wiggily, for he liked cocoanut cake very much indeed.

"And on your way," added the muskrat lady, "I wish you'd stop at the five and six-cent store and get me a thimble. I want to sew some buttons on your shirts, but I have lost my thimble."

"I'll bring you one," said the bunny rabbit gentleman. "A cocoanut and a thimble, a cocoanut and a thimble," he said over and over again, and he wouldn't forget. "A cocoanut and a thimble—a thimble and a cocoanut—no, I mean a bimbienut and a cocoobul—no—oh dear—I guess I'd better write it down," he said, and this he did, writing the words "co-

coanut" and "thimble" on a piece of white birch bark.

Away Uncle Wiggily hopped to the cocoanut store, and soon he was on his journey again, with a large, brown nut under his paw. The cocoanut was almost as big as two croquet balls made into one, and the rabbit gentleman was thinking how nice the cake would taste after Nurse Jane had baked it.

Finally Uncle Wiggily reached the seven and eight-cent store, and there he bought Nurse Jane's nine-cent thimble.

Uncle Wiggily put the thimble up inside his tin, silk hat, and giving his pink nose an extra twinkle or two, off he hopped toward his hollow stump bungalow.

He had not gone very far through the woods before, all of a sudden, as he passed a place where a deep, clear, cool spring bubbled up under a clump of ferns, there the bunny rabbit gentleman met Mrs. Kinkytail, the monkey lady. And with her were Jacko and Jumbo, the two monkey boys.

"How do you do, Mrs. Kinkytail?" asked Uncle Wiggily, as he most politely took off his hat, silk hat and made a bow.

"I am very well, thank you," answered the monkey lady. And just then something went "Ker-splash!" into the spring of water.

"My goodness! What's that?" asked Mrs. Kinkytail.

"I rather guess it was my thimble," said Uncle Wiggily. "Yes, it was," he added, as he looked in and it's away down at the bottom."

"Your thimble!" exclaimed Mrs. Kinkytail. "I didn't know you sewed."

"I don't," Uncle Wiggily answered. "It was Nurse Jane's thimble. I had it in my hat."

"I'll reach down and get it for you!" offered Jacko, one of the monkey boys. So, kneeling down, he thrust his paw into the spring, but the water was so deep he couldn't fish up the thimble.

"I'll help you," Jumbo offered his brother. So Jumbo took to the water, and held on to him, while the first monkey boy tried to reach the thimble. But it is too deep for both of them.

"Suppose I try?" suggested Mrs.

Social Personal

Dr. Forrest Leader has been called to England on a short business trip and expects to be back again in Victoria in about six weeks.

Mrs. R. Hetherington, of 1153 Burdett Avenue, has gone to Portland for a few days and will return with her son Ernest, who has just graduated from the North Pacific Dental College.

Capt. and Mrs. Gill, who have resided in Vancouver for the past seven years, most of which time was spent in Mt. Pleasant, have taken up their residence at Bellingham, Wash. During the years spent in that city the genial couple made a large circle of friends and acquaintances.

The Rev. Dr. Campbell on Monday evening at 1054 Pandora Street, celebrated the marriage of David E. Horner and Mrs. Florence Jackson, both of Vancouver. They were accompanied by Mr. and Mrs. G. Horner. After the ceremony supper was daintily served. Mr. and Mrs. Horner left by the night boat for Vancouver, where they will make their home.

The Foundation Swimming Club have completed the preparations for their big masquerade dance to be held at the club rooms on Wednesday next, October 15. The dances given under these auspices have proved exceptionally popular and present indications suggest that there will be a big throng of patrons for next Thursday's event.

Mrs. Ralph Smith, M. P. P., has returned home from Ottawa where she has been attending the meetings of the National Industrial Council and speaking to the women of the capital city on the problems of reconstruction as they relate themselves to the life of women. She is greatly impressed with the developments there for the better housing of the people and

Kinkytail. "I have longer paws than either of you boys."

But the monkey lady had no better luck. The shiny thimble Uncle Wiggily was taking to Nurse Jane still lay at the bottom of the spring, and the water was so clear that it could easily be seen, deep as it was.

"Dear me!" exclaimed Uncle Wiggily, as he laid the cocoanut down on the ground. "This is too bad! I shall have to wait until the spring dries up next summer, to get Nurse Jane's thimble. Meanwhile I shall have no buttons on my shirts."

"I know what we can do!" chattered Jacko. "We can drink all the water out of the spring, and that will make it as dry as it will be next summer. Come on, everybody drink!"

So Uncle Wiggily and the two monkey boys and the monkey lady drank as they could, but still it was not lowered much, and the thimble was still beyond reach.

"If we only had something big—like a dipper—to dip the water out of the spring, then we could empty the water, and easily get the thimble," said Mrs. Kinkytail.

"Alas! But I have no dipper!" spoke Uncle Wiggily.

"Yes you have!" chattered Jumbo, and he pointed to the cocoanut. "That will make a fine dipper," he went on. "Jacko and I will crack it nicely open, for we know a lot about cocoanuts. We'll take out and save for Nurse Jane's cake, the nice, white meat inside the shell. With the two halves of the shells, fastened on sticks, we can make two dippers and dip the spring dry."

"Please do!" begged Uncle Wiggily. So the monkey boys cracked the cocoanut into two even pieces. Mrs. Kinkytail took the meat out for Nurse Jane, and Jacko and Jumbo made dippers of the shells. Soon they had dipped dry the spring Uncle Wiggily picked up Nurse Jane's thimble off the bottom and all was well. And the cocoanut cake was just fine.

And if the egg turner doesn't jump over the head of cabbage and make the foot of the stairs slip off the doormat, I'll tell you next about Uncle Wiggily and the Skuddlemagoon.

The band of the Boys' Naval Brigade will now be in a position to purchase instruments as a result of the successful dance held at Royal Victoria Yacht Club on Tuesday evening under the auspices of the Navy League. Over one hundred guests were present and dancing was carried on until an early hour to the strains of music furnished by Prof.

Heaton's orchestra. The clubhouse was effectively decorated with flags and bunting, the veranda being enclosed with a huge white ensign and Union Jacks. Refreshments were served under the direction of Mrs. Marchant and Mrs. P. C. Davis. Much credit for the success of the affair is due to the energetic committee in charge of the general arrangements, H. T. Ravenhill, G. C. Cameron, W. J. Leese-Willis and Lieut. W. N. The wedding of Marion Lillian Ward, daughter of Mrs. M. Ward of Vernon, to Vivian M. Gallon of Victoria, was solemnized at St. Paul's Church, Vancouver, on Tuesday evening. The ceremony was performed by the Rev. H. G. King. The bride, who was given away by her sister, Mrs. A. Y. Anderson of Vernon, wore a suit of pearl brown broadcloth with a hat to match, and ermine furs, and carried a shower bouquet of white roses. Little Dorothy Anderson, niece of the bride, made a pretty flower girl in a dress of pale pink georgette, with an old-fashioned nosegay of pink roses. Mr. T. H. Gallon was groomsmen. Following the ceremony a buffet supper was served at the home of Mrs. J. R. Greenfield, 1115 Tenth Avenue West, after which Mr. and Mrs. Gallon left for Seattle, en route to the South. On their return Mr. and Mrs. Gallon will reside in Victoria.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Drugists also sell larger "Bayer" packages. There is only one Aspirin—Bayer. You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

SEEKING EXTENSION OF POLLING HOURS

Labor Men Say Workers Not Allowed Enough Time to Vote

Efforts to secure an extension of the hours of polling from 9 to 7 o'clock instead of from 9 to 5 o'clock are still being made by officers in charge of the campaign of Thomas A. Barnard, candidate of the Federated Labor Party, in the coming Federal bye-election.

To-day they appealed to the Hon. Dr. Tolmie to have the hours extended.

"We believe that the hours of polling should be extended to 7 p.m. on election day so that the best expression of the people can be obtained," they stated.

The Act certainly states that the employer shall on polling day give one additional hour to his employees without deductions in pay to allow them to vote. We do not consider that sufficient time for a man to leave work and travel to a distant section of the city to register his vote. The polling booths would be in a state of congestion at that hour."

At the Unionist headquarters it was explained to-day that Dr. Tolmie had no power to lengthen the hours of polling. The hours are fixed by the Government at Ottawa and it would take an Act to increase them by two hours. The Minister's managers said that the law makes ample provision for all men to be allowed sufficient time off from their work to cast their ballots, without loss of pay.

YELLOW PINE BEETLE IS DESTROYING TREES

Forest Branch Alarmed by Its Ravages in Dry Belt

Considerable alarm has been caused the Forest Branch of the Provincial Department of Lands by the serious damage occasioned to the timber of the dry belt by the yellow pine beetle.

As a result of a recent conference with Dr. J. M. Swaine, of Ottawa, Chief of the Division of Forest Insects, the Hon. T. D. Pattullo, Minister of Lands, is considering the feasibility of an early campaign of control in order that the beetle's ravages—particularly in the Prince George section—may be curtailed as quickly and as effectively as possible.

It is explained that so vicious is the bug's attack that the death of the tree takes place within one year, although provided it is logged in the second or third year after the attack the major portion of the timber is salvageable.

It is of interest to note that the beetle bores right through the bark and proceeds to bore tunnels horizontally and perpendicularly until the tree is completely ringed. Eggs are laid and propagation takes place in the tunnels, from which it will be seen that its work of destruction is carried on thoroughly.

EMPLOYMENT RECORD

Number of Placements by Government Offices on the Increase.

The Employment Service of the Federal Department of Labor, Ottawa, reports that returns from the Dominion and Provincial offices of the Employment Service of Canada for the week ending September 20, show an increase in placements as compared with the returns of the preceding week. During the week the 89 offices reported that they had referred 9,352 persons to regular positions, and that 8,547 of these had received employment. This represents an increase of 577 over the previous week, when 7,970 persons were given regular employment. In addition 1,338 casual jobs were supplied as compared with 1,274 of the week ending September 13.

During the week 10,366 applicants were registered, of whom 743 were women and 9,623 were men. This shows an increase of 536 over the previous week, when 9,829 applicants were reported. The number of vacancies notified by employers totaled 1,214, of which 1,211 were for women, and 11,093 were for men. This represents an increase of 674 over the preceding week, when 10,549 vacancies were notified. Of the placements in regular employment, 448, or 5.3 per cent, were women workers, and 8,098, or 94.7 per cent, were men. The number of soldiers reported as placed was 3,049, or 35.5 per cent, of the total.

Of the placements in regular work 19 were reported by Prince Edward Island, a decrease of 7; 135 by Nova Scotia, a decrease of 9; 293 by New Brunswick, an increase of 38; 729 by Quebec, an increase of 96; 2,292 by Ontario, an increase of 223; 1,983 by Manitoba, an increase of 177; 1,023 by Saskatchewan, a decrease of 224; 910 by Alberta, an increase of 126; 1,156 by British Columbia, an increase of 152.

CANADIAN CORPS IN FRANCE WAS UNIQUE

Currie Tells Business Men Why Organization Differed From That of British

How the formation of the Canadian Corps in France differed from that of the British armies, and why the War Office has decided to organize its forces in future on the model built up by the Canadians was described to the business men of Victoria at noon to-day by General Sir Arthur Currie, who addressed a luncheon of the Victoria Rotary Club. The General was given a tremendous ovation by the largest gathering in the history of Victoria Rotary, and was presented with a beautiful silver plate, which announced him as a life member of the Club.

General Currie centered his remarks concerning the organization of the Canadian Corps about the proposal to increase the four Canadian divisions to six. "This was a proposal," said the General, "which I opposed most strenuously and proposed that any extra men we could get be added to the organization as it already existed. Such a change would have broken up every brigade I had, simply to give me 3,600 more bayonets. You recall that in the great British retreat in 1914 General French often reported that the Germans had at least 100 men in the middle of reorganization. Thank God, he never caught the Canadians in the middle of any reorganization. This change would have meant the recreation of six new brigades and all the officers necessary to command them—six new brigadiers, two divisional commanders, and the new corps commander. It would have meant an increase in the overhead charges of fifty or sixty per cent, and would have doubled the staff. Instead, I advised that another 100 men be added to each battalion, a step which, I considered, would make a perfect fighting organization. This was done with results that proved the value of the plan."

Again, General Currie had insisted that the Canadian have their own railway troops who could be moved about and kept in constant touch with the main force. This he desired in order to keep up the spirit of fellowship and esprit de corps that prevailed among the Canadian soldiers who naturally would do more for their fellow-Canadians than they would for other troops.

These changes, the General remarked, had made the Canadian Corps unique and, he believed, had helped in a great measure to secure ultimate victory. After the war had been concluded, the General pursued, referring to these facts, a post-bellum committee, appointed by the War Office, had investigated the best plan on which the British division of the future could be organized. The committee had reported that a division should be like that maintained by the Canadian and that the machine gunners should be organized like those of the Canadian formations.

As there were a number of ladies present the General took the opportunity of thanking the women of Canada for the splendid self-sacrifice and spirit of patriotism they had displayed in the war. It was largely due to their efforts, he declared, that life in the trenches had been made bearable.

The General also exhorted support to the forthcoming Victory Loan, the success of which, he asserted, was essential to the welfare of the returned man.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply it to this nostril, antiseptic, heating cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

COMMISSIONER HAS HIS EXPLANATION

Mr. McInnes Did Not Wish to Create Wrong Impression With Civil Servants

Civil Service Commissioner McInnes announced two days ago that he had submitted the proposed new schedule in connection with the re-grading of the Provincial Civil Service to the Civil Servants' Association, and that as far as he was concerned his task was complete. He stated further, however, that any alterations to those schedules required by the Association would naturally involve delay in submitting the whole question to the Cabinet for action. Mr. McInnes has received a communication from the secretary of the association asking if he authorized the statement.

Interviewed by The Times representative this morning the Civil Service Commissioner stated that he did not intend his observations to convey the impression that any delay for further delay should be placed on the Association. He declares that the association has not yet had time fully to examine all the schedules submitted to it. He reports, however, that as soon as he receives the association's verdict he will be in the position either to pass the matter on to the cabinet or to open such schedules as may be deemed necessary by the association. In the latter event further delay will be unavoidable; but, he says, no blame could possibly attach to the organization.

NOUVELLE ECOSSE LAUNCHED AND WORK AT YARDS CEASES

Mrs. Bayly Hipkins Sponsors Last of French Ships—
Contract Has Provided Much Work for People of
of Victoria—Work Well Done

With the launching this afternoon of the steamer Nouvelle Ecosse at the Point Ellice yards the shipbuilding activities of the Foundation Company in this city came to an end, unless the programme for community shipbuilding is successfully established. The Nouvelle Ecosse was the twentieth vessel to be cradled into the murky waters of the Inner Harbor. She slid gracefully down the ways after Mrs. Bayly Hipkins, wife of the vice-president and Pacific Coast manager of the company, had performed the christening ceremony. Exactly at 2.30 o'clock the signal for the release of the launching trisger was given, and as the great hull commenced to move the sponsor smashed the bottle of champagne across the steel-bound stem.

As the progress of the Nouvelle Ecosse was checked by the drags and "barndoor," and the tugs went scurrying to her side to take her in tow, the big crowd which gathered to witness the launching engaged in a few minutes of peaceful reflection. They thought of the hustle and bustle contingent to the laying of the first keels of the contract, the feverish activity of thousands of men and various kinds of machines during the former months, of high wages which had provided many homes with comforts and luxuries they had not been fortunate to enjoy before, of the gay ceremonies which attended the launchings. But now the old order has changed. No longer the buzz of fast rotating saws and rat-a-tat of pneumatic tools can be heard on the old Indian Reserve and many hundreds of men have been laid off.

Year Constructing Ships.

As a result of the practical efforts of the Hun on the high seas the shipping of the allies suffered terrific losses, and in order to replace these losses as rapidly as possible the European countries looked to the New World for assistance. On August 18 of last year the Foundation Company received a contract for twenty wooden vessels of 3,000 tons each, with a speed of eleven knots. As each ship was to cost approximately \$500,000 the contract represented an expenditure of \$10,000,000 in this city. It represents the largest wooden-ship contract ever awarded in this country.

According to the terms of the contract the steamers were to be launched

and equipped by the end of this year. At that time the Foundation Company had four ships at Point Hope, where it had built five hulls for the Imperial Munitions Board. It was necessary for the company to expand its yards so the Point Ellice slips were acquired from the Cameron-Genoa Mills Shipbuilders, Ltd. This gave the company eight slips.

The first two keels were officially laid on September 9, although the actual work of laying the keels did not take place until the middle of the following month. Huge gangs of men were employed in assembling material, cutting and constructing. By the first of the year eight hulls had commenced to take shape, and late in March the officials of the yards announced a double launching, one vessel taking water from each yard.

From that time on the steamers have been launched at short intervals. Lately the yards "have been dropping the hulls into the water at the rate of one a week. The launching of the Nouvelle Ecosse completes the contract.

Hope For New Scheme.

Whether there will be any further shipbuilding in this city on the part of the Foundation Company remains with the success of the community scheme. Before this can be operated there will have to be financial backing from the citizens of Victoria.

GOES ASHORE ON SOUND

Seattle, Oct. 9.—The steamer Dillwyn, bound from Port Wells, Wash., to San Pedro, California, went ashore yesterday at Point Liliup on the Puget Sound, according to word received by the Seattle Merchants' Exchange. The Dillwyn, owned by the United States Shipping Board, was being operated by the Standard Oil Company.

COMMUNITY SHIPS MAY BE BUILT HERE

Board of Trade Meets Bayly Hipkins, of Foundation Co.,
on Subject

Vancouver Island is not doing nearly enough export trade, though she has enormous natural resources, to develop which and find markets for the products, it is necessary to promote co-operative shipbuilding. Such was the consensus of opinion at the Board of Trade meeting this morning, when Bayly Hipkins, Vice-President and Pacific Coast Manager of the Foundation Company, conferred with Board members.

The outcome of the meeting was that a thorough investigation will be made with regard to the possibilities of getting the manufacturers of Vancouver Island interested in the scheme of building vessels for carrying their output abroad and another meeting will be held in a week or ten days' time to go further into the matter.

The Foundation Company and many of the shipyard workers are prepared to go into a community shipbuilding scheme, but outside capital is required, and it is believed that plans will be consummated whereby a continuance of the industry in Victoria may be assured. It has not been definitely decided whether the shipbuilding programme would be confined to wooden ships or whether a steel shipbuilding venture would be attempted. Everything depends on the result of the investigation into present day requirements and the possibilities ahead.

SIX SHIPS TO BE LAUNCHED AT OAKLAND

Oakland, Cal., Oct. 9.—Sextuple launching, setting a new world's record, is planned by the Moore Shipbuilding Company of Oakland for October 11 when three big tankers and a like number of freighters are to be dropped into the waters of Oakland from the shipyard.

The vessels have an aggregate tonnage of 64,200, the tankers, City of Reno, Salina and Sapulpa, being of 12,000 tons each and the freighters, Jalapa, Moselle and Jarelow, of 9,400 tons each.

Two of the ships will be started on their way to the sea by President Wilson and Secretary of War Baker who, according to plans, will press electric buttons in Washington, starting the launchings here.

STEAMER IS TOTALLY DISABLED ON ATLANTIC

Halifax, N. S., Oct. 9.—A wireless appeal for aid from the U. S. Shipping Board steamer Yaklok was heard to-day by the radio station at Barrington, N. S. The Yaklok is totally disabled and drifting. The steamer Ana-cortes has reported she is about seventy miles from the disabled ship and is proceeding to her relief.

MANY CHINESE WILL SAIL ON TYNDAREUS

Largest Number of Passengers Ever Carried Across Pacific by Single Ship

About 4,000 Chinese who have been doing labor work in France will be put on board the Blue Funnel steamship Tyndareus at William Head on Sunday. The big ship is now on the Sound loading cargo for Oriental ports, and while the freight is being slung into her holds a gang of carpenters is busy fitting the ship with extra stowage accommodation.

This will be the largest number of passengers ever carried across the Pacific on one ship. The C. P. O. S. liner Empress of Asia on her last outward trip carried 2,300 coolies, and the Empress of Japan took 1,000 when she sailed here outbound. The Tyndareus has large accommodation for stowage passengers, and the Orientals are permitted to roam all over the vessel's main deck, which is a big consideration.

The Chinese are on their way back to the north of China after having done their bit in the Great War. The Orientals were employed in digging emergency trenches and doing general fatigue work behind the lines. They relieved large battalions of Imperial troops for line duty. After armistice the Chinese were employed in cleaning up the debris of war. In certain areas they repaired the roads, gathered up barbed wire and filled in some of the shellbattered country. The Imperial authorities decided to send the Chinese home via Canada. On arriving at Vancouver they were immediately transported to William Head, where they have been living under canvas.

Portland, Ore., Oct. 9.—By practically unanimous vote 3,000 employees of the steel shipyard of the C. M. Standifer Construction Company, at Vancouver, Washington, declared off a strike which had been in progress since last Friday and returned to work to-day.

WHALERS RETURNING FROM HUNT IN WEEK

Local Vessels Have Had Successful Season; Did Well Since August

After a fairly good season the whalers of the Consolidated Whaling Corporation, Ltd., will commence to return to port within the next week or ten days. Despite the heavy fogs of late the whalers report good catches off both the Vancouver Island coast and the Queen Charlotte, but with the appearance of the heavy southeast gales the hunters will turn their noses home.

Eight vessels are operating this season, three at Kyauquot, three at Rose Harbor and two at Naden Harbor. The whalers put to sea early in May after being delayed one month by an engineers' strike. During the early part of the season the catches were very small, but in August the vessels encountered large schools of mammals and landed some very fine sperm along with many "humps" and "sulphurs."

The Seattle whalers are back from Alaskan waters with fair catches. The local whaling vessels which went to Akutan, Alaska, have not returned and are reported to have done well. The season on the whole has been quite satisfactory. Immense quantities of whale oil and fertilizer have been manufactured and the whaling tender Gray will be busy for some months transporting the cargoes to this port for shipment to the world's markets.

ISLAND PRINCESS IS DISABLED; TOWED HOME

The C. P. R. steamer Island Princess became disabled while on a trip around the Gulf Islands and was towed into port this morning by one of the C. P. R. tugs. The rudder of the Princess failed to act. Repairs will be effected immediately. While the Island Princess is laid up the steamer Otter will look after the service. The C. P. R. officials hope to have the Princess back on the run on Saturday.

MAKURA'S CREW TO BE BANQUETTED BY STRIKERS

Vancouver, Oct. 9.—In recognition of the stand which they took in connection with the longshoremen strike here last summer, the International Longshoremen's Union will hold a banquet in honor of the crew of the Canadian-Australasian liner Makura now in port.

WANT ROCKS CLEARED BY DREDGES FIRST

Rocks Off Hospital Point and Coffin Island Need to Be Removed From Harbor

Dr. Toimie's announcement that dredging operations are to be resumed here has caused considerable appreciation among shipping and seafaring men. There are two big jobs to be done in the Inner Harbor and it is hoped that the dredges will be commissioned immediately so that the work of removing these obstacles can be commenced.

The rock off Hospital Point has always been a danger spot for shipping. It is directly in the course of the ships backing out from the C. P. R. docks and vessels proceeding to the Upper Harbor have to exercise caution in rounding it. Many hundreds of tons of rock will have to be removed, but with the efficient Lobnitz rock crusher at work it is believed that during the winter months a large part of the rock could be removed.

Another patch of rock requiring attention is situated just south of Coffin Island. It is a flat rock and had been pounded down considerably, but there is not sufficient water over it at low tide to make navigation safe. With this obstacle out of the way the channel from the entrance to the harbor to Laurel Point would be widened quite a distance.

When these two rocks are removed Victoria's Inner Harbor will represent a very efficient basin, providing plenty of room for the larger vessels to turn in. At present the rock off Hospital Point cramps the ships and they are forced to back and fill a great deal when steaming out.

MUSICAL CLUB'S CONCERT TO-NIGHT

Miss Eva Hart and Other
Leading Artists to
Assist

To-night the Victoria Ladies' Musical Club will hold the first of their winter series of concerts, which have been such a popular feature of past seasons. This year the concert is to be held in the Alexandra Club instead of at the Empress Hotel as hitherto.

Artists appearing on the programme to-morrow night include such well-known local talent as Miss Eva Hart, who will be heard in several new and charming numbers; Miss Joy Calvert, the gifted young violinist whose playing has won such warm encomiums from some of the leading violinists of the day; Miss Nellie Lugin, whose pleasing contralto voice is all too seldom heard on the concert platform; Miss Marian Heming, the pianist, and Ernest Petch, the well-known tenor. Mrs. C. C. A. Wain will accompany the vocal numbers and Miss Una Calvert will accompany her sister's violin solos.

WANTS GOVERNMENT TOURIST BRANCH

Vancouver Motoring Visitor
Says Travel Is Productive
Industry

The establishment of a Government Department of Tourists is advocated by J. W. Foster, 345 Hastings Street, Vancouver, who has just completed a motor trip of Vancouver Island.

"The possibilities of revenue to the Province from the motor tourist traffic are so great that the Government ought to take it up seriously and develop it for every part of British Columbia," said Mr. Foster.

"On my trip up the Island we saw three American cars for one Canadian and every American I spoke to was delighted with the trip in B.C. These tourists have put a big sum of money in the tills of the merchants of this Province and we ought to encourage them to come in every way possible."

"For those who have come, we are to thank the publicity department of Victoria and Vancouver, who have demonstrated what can be done even with small amounts of money."

MANY GUESTS AT BRIDAL RECEPTION

General Sir Arthur Currie, K. C., M. G., K. C. B., and Lady Currie were among the distinguished guests attending the wedding yesterday of Col. B. M. Humble and Miss Vera Mason. Lady Currie wore a striking Paris gown of navy, heavily embroidered in gold and trimmed with deep silk fringe. A smart toque of black panne velvet trimmed with a bird of Paradise, and a handsome sable cape completed her charming toilette. Nearly three hundred guests attended the reception at Government House, following the ceremony at St. James' Church, Cathedral. During the early part of the proceedings Col. and Mrs. Humble stood in the drawing room to receive the good wishes of their many friends.

The buffet breakfast was served in the dining room, the main table being charmingly decorated with a silver bowl filled with pale pink stocks and begonias in a deeper shade, set around with rose-shaded candles in silver sconces. At a table in the window embrasure was the three-tier wedding cake, set on a silver stand, the base adorned with pale pink tulle and surrounded with pink begonias in crystal vases. The toast to the bride was proposed by Col. the Rev. G. H. Andrews, and to the bridesmaids by the Lieutenant-Governor. Col. and Mrs. Humble left about six o'clock for an automobile trip up Vancouver Island, the bride travelling in a lovely gown of velvet braided with black, musquash coat trimmed with beaver and close-fitting hat of mole colored velvet and feathers. On their return they will make their home at the Empress Hotel.

Among the Vancouver guests at the ceremony and reception were Mrs. Brougham and Miss Daphne Brougham, Capt. and Mrs. Beetham, Miss Babs Macpherson, Capt. Cator, M. C.; Capt. Wm. Gardiner, Col. and Mrs. A. E. Griffin, Jack Cambie, and Mrs. M. Reid. Mrs. Arthur Taylor, Mrs. Fred Buscombe, and Mr. and Mrs. P. G. Shalkross.

Is Badly Hurt—Stanley Johnston, of Battledore Avenue, Saanich, had both his legs badly lacerated and ordered yesterday when he slipped under the rear wheel of a heavy motor truck. Johnston, with some other boys, was coasting on his bicycle and holding on to the truck in order to get a pull up a hill on the East Saanich Road when he fell under the wheel. First aid was rendered by William Carey, of the British Columbia Forestry Service, and the lad was rushed to the Jubilee Hospital, where he was attended to by Dr. Batty.

CHERNIAVSKYS HERE

TO-MORROW NIGHT

Will Appear in Recital at
Empress Hotel; Return
Appearance

Considerable interest has been aroused throughout Vancouver Island by the concert to be given at the Empress ballroom to-morrow evening by the Cherniavsky Trio. It is over two years since these artists appeared in recital here, and in the interim they have been on a world-wide tour, winning the highest praise from critics the world over.

The San Francisco Bulletin said of their recent concert in that city: "Leo, Jan and Mischel Cherniavsky have returned to San Francisco after a year's absence, bringing with them an augmented art and an added dignity."

"They still have their youth. There is something of the divine in it, too; they burn it so lavishly at their shrines—the piano, the cello and the violin. But added to the trio since their appearance here a year ago is a seriousness of purpose, a surer touch and a greater artistic maturity which hold fruitful promise for the years to come."

Their concert in St. Louis, Minn., gave rise to the following critique in The Post of that city: "It has been said of chamber music that the performers play for their own enjoyment rather than that of their audience. Just as the reproach may be in many cases, it emphatically could not attach to the brilliant Cherniavsky brothers, who gave a recital last night at the Sheldon Memorial Auditorium. Those who went out of curiosity, this being the first appearance of the Cherniavskys here, remained to fill the hall with such a spontaneous applause as its walls have not recently echoed."

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can take a practice to counteract the effect of the harmful acid and prevent the formation of excess of gastric juice, by the use of a little Bismarck Magnesia in their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia. It is widely known for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five-grain tablets taken in a little water with the food will neutralize the excess of acid, may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate, and in the bisulphate form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

Mendelssohn

—unbeatable value at a medium price

No matter how discriminating you are in your piano choosing, there is one feature of the Mendelssohn Piano that you simply cannot overlook. That is the sterling value this instrument offers at a medium price. Compare individual features of it with those of other instruments—at even higher prices—and you will be only the more convinced of its desirableness and exceedingly good value.

It Pays to Get Good Dental Work

The Gilbert dental service is a good dental service, performed by men who have the necessary skill, modern facilities and all necessary conveniences.

And this good dentistry costs no more than you were asked to pay for ordinary dental work years ago—our charges are remarkably moderate.

The dentists in our operating rooms and laboratory are men of skill and ability—and experience. The work we have already performed is standing the most severe tests of constant service. Our ten-year guarantee is always the patient's safeguard.

Why not take full advantage of this specialized service, when your teeth can be corrected or replaced easily, quickly and inexpensively and you can pay a little at a time.

If busy during our day hours you can come three evenings weekly—Mondays, Wednesdays and Fridays. Phone for appointment.

Twenty-six families were assisted in September, representing about ninety persons. Eight cases were investigated and passed on to where they rightly belonged. Potatoes and vegetables of all kinds, also apples or any fruit, would be much appreciated, and those kind friends having any to spare are requested to send them to the rooms above the Market Building.

Graduate Nurses Met—At the meeting of the Graduate Nurses' Association held on Tuesday evening, most of the time was occupied in a discussion of plans for the dance to be held on the evening of November 23 at the Alexandra Club. The association is planning to install two beds at the Jubilee Hospital in memory of the late Nursing Sisters Christina Campbell and Gladys M. Wake. The association hopes to raise by the dance the necessary funds to complete the cost of purchase and endowment of the beds.

Baby's Own Soap preserves the satin softness of the infants skin, and to its use also, many a Canadian beauty owes her exquisite complexion.

The Freshness and Beauty of Youth has no need of powders and cosmetics. Art cannot improve on the bloom of health & cleanliness.

Try this recipe, if you want your skin to be soft smooth and white.

Use a good lather of Baby's Own Soap. The water should be tepid—neither hot nor cold. Rinse well with tepid water also—rub dry but gently. Care is the price to be paid for a fine satin skin, and care must include a strict avoidance of harsh soaps.

Four generations of Canadian Babies have revelled in the skin healing, cleansing, flower-perfumed—lather of Baby's Own Soap, the purity of which is accepted.

It's Best for Baby and Best for You.

In the interest of your skin, insist on BABY'S OWN SOAP.

DOMINION

Cecil B. DeMille's newest Artcraft production, "For Better, For Worse," which is being shown at the Dominion Theatre this week, is unusual in many ways, as all the DeMille special productions are. One of the most unique things about it is that it has no villain.

All the characters are real human beings, grappling with human situations, and the sympathy of the audience goes out to every one of them, in spite of their mistakes and rash actions. The picture deals with the most vital of modern problems raised by the war, which are now engaging public attention.

Edgar Selwyn, author of many Broadway successes, wrote the story, and the picture was personally directed by Mr. DeMille. Jeanie Macpherson wrote the scenario.

Those who have seen it, claim that it is by far the finest piece of work Mr. DeMille has yet given to the screen, from every standpoint—theme, story, dramatic suspense, acting and production. This is the most conclusive praise that can be given to a picture, for everyone who has seen Mr. DeMille's previous pictures knows that they are without parallel—"Old Wives for New," for instance, or "Don't Change Your Husband," "The Squaw Man," "We Can't Have Everything," "Till I Come Back to You" and "The Whispering Chorus."

"For Better, For Worse," are Elliott Dexter, Gloria Swanson, Tom Forman, Theodore Roberts, Wanda Hawley, Jack Holt and other capable screen players.

VARIETY

When Douglas Fairbanks began the production of "One of the Blood," showing here this week, he broke away from every production tradition that he knew. This new film was to be Douglas Fairbanks' first release through United Artists Corporation—the "Big Four"—and inasmuch as it was to be his bow as a genuine independent producer and distributor, "Doug" took "the lid off the cash-box."

Supporting Mr. Fairbanks are many film and stage favorites, including Marjory Daw, Frank Campeau, Sam Southern, famous New York and London actor and brother of E. H.

Sothorn; Jay Dwiggins, "Bull" Montana, Albert McQuarrie, Will Mills and Phil Gastros.

ROMANO

Dolores Fernandez fell in love with Bruce Ridgeway, the son of the woman who had been instrumental in having her arrested sometime before for the alleged theft of a bracelet. Mrs. Ridgeway, not knowing that Dolores was the person she had accused of theft, favored the match between Philip and the girl.

Imagine a situation like this, striking, unusual, totally different, isn't it?

This is the condition of affairs in "The Social Pirate," the new World Picture, starring June Elvidge, which will be shown at the Romano to-day and for the balance of the week.

How do things come out? What happens to Dolores' love affair?

COLUMBIA

Concentrated, logical action, admirable photography and a terrific punch of drama, are promised in "Riders of Vengeance," Harry Carey's latest screen victory, which will be shown at the Columbia to-day, to-morrow and Saturday.

Mountain wilds and the monotony of the deserts of the West of New Mexico, form the setting for picture, and Jack Ford, director, made an exhaustive study of the methods and manners of the period that is depicted.

PANTAGES

When one sees dainty Georgia Howard flash about the stage with her violin, it is hard to imagine that she is a lawyer. Nevertheless, this is a fact, as the records of the University of Minnesota, 1916, prove. Any day that she tires of the stage she can go to Minnesota and hang out her shingle with full permission of the Minnesota bar to handle a divorce, plead with a jury or fix up an intricate contract to transfer a railway to the Government. "Dancing and playing the violin are relaxation for me," she said in her dressing room last night. "I worked so hard studying for the legal profession that my nerves got all run down. I had learned to dance and play the violin at home, and so I took to the stage for a few months to get away from words of more than one syllable." Miss Howard's violin,

What Would You Do in a Case Like This?

Suppose you found that the famous violinist with whom you had fallen in love had served six months in a reformatory on a charge of theft? And that all evidence pointed to her as being the thief in another robbery? Just what would you do in a case like this?

Long-Standing Evil

Effective Measures Taken

Since childhood Mr. A. Gail was under the shadow of a great evil, which always menaced his comfort and safety. Read what he says:—

"I was troubled with my kidneys since childhood and spent a large amount of money trying to get cured. Instead of getting better, I kept getting worse until a friend of mine advised me to try Gail's Pills. I did so, and after taking one box, I was able to get out of bed and walk around. Two more boxes relieved me completely, and since then I have had no return of the trouble."

Many people have kidney and bladder trouble without knowing it. They think nothing of the backache, the pains in the sides, the constant headaches, the rheumatic, sciatic and neuralgic pains, the floating specks before the eyes, the swollen joints, the highly-colored urine—all signs of trouble—all signs which should receive immediate attention and treatment with Gail's Pills, which are by far the most effective of all preparations, and which may help you to avoid a fatal operation. They quickly relieve pain and heal the congested tissues, bringing the organs back to normal. At druggists and dealers, 50¢ a box. Money back if no relief. Send for free sample.

THERE IS DANGER IN TENDER GUMS

To preserve healthy teeth the ordinary tooth-paste is not enough. It must first care for the gums, on which tooth health depends.

How many people think of this? Yet four out of five people over forty suffer from gum-decay, or Pyorrhea (Kidd's Disease).

At first the gums become tender, though actual gum-shrinkage is imperceptible. But in time receding gums will surely loosen your teeth, and then only a dentist can save them. The tender, bleeding gums of Pyorrhea also act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments.

Forhan's (For the Gums) prevents Pyorrhea, if used in time and used consistently. This means that it prevents gum-shrinkage, gum-tenderness, gum-bleeding.

So, automatically, Forhan's prevents tooth loosening. Brush your teeth with it. It scientifically cleans the teeth—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for treatment. 50¢ and 60¢ tubes. All Druggists.

NOT A BAD IDEA

"And where are you going for your holiday this year?" Brown asked his friend Grey.

"Well," said Grey, "I am not thinking of going anywhere."

"What? Not going away?"

"No. You see, the people who live next door to me are going away, and they are taking their baby, the parrot, and the gramophone with them, so I have decided to stay at home and have a rest."

FURTHER AWARDS AT SAANICH FAIR

Crowds From City Attended Popular Fall Show on Wednesday Afternoon

With Wednesday afternoon holiday-makers packing the interurban cars yesterday the crowds at the annual show of North and South Saanich Agricultural Society were swelled by visitors from Victoria, and the number that passed through the gates was well up to the standard of any other previous year of the popular event. The Agricultural Hall was thronged throughout the day with visitors admiring the excellent quality of the exhibits, and the live stock and poultry exhibits in the outbuildings were also greatly admired. As previously mentioned, although the competitors were not so numerous as some of the previous shows, the quality was of unusual standard and many favorable comments were passed.

Heaton's orchestra played selections throughout the day, and sports for the children were also an added attraction. Saanich school teachers arranged the sports, and there was a big entry for every race. Both the youngsters and spectators voted the innovation a great success. Awards, in addition to those published in yesterday's Times, were as follows:

"Canadians Must Sail The Seas"

HY Canada MUST have Canadian Seamen

CANADA is face to face to-day with a great need—mercantile ships! More than a quarter of the world's shipping was destroyed in the War. We are handicapped in our foreign trade because there are no ships to buy or rent. Hence the Government's shipbuilding programme.

Aims of the NAVY LEAGUE OF CANADA

To emphasize Canada's opportunities and responsibilities on the sea.

To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.

To maintain sailors' homes in our ports.

To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.

Patron
H.R.H. THE PRINCE OF WALES
Dominion President
COMMODORE AEMILIUS JARVIS

But there remains the more complex problem of manning our ships when built. Seamen cannot be turned out to order. They must be trained. If we are not to be at the mercy of foreign-born seamen, we must have our own Canadian boys ready for this service. This is absolutely imperative, and lies right at the very root of Canada's After-the-War development.

BEGIN WITH THE BOYS

The problem is purely a personal one—something you and I must assist in solving. Unless we make it possible to train Canadian boys for the sea, we cannot hope to man Canadian ships with Canadian seamen and so supply the missing link between the producing possibilities of the Dominion and the eager world markets.

To conduct the Boys' Naval Brigades and its other work, the Navy League of Canada requires \$500,000. Throw yourself wholeheartedly into this campaign to make it a thorough-going success, for the sake of our boys, for the sake of the whole Dominion—yes, and in your own personal interest. Help by giving liberally.

AGED WOMEN'S HOME

Prince of Wales's Visit an Outstanding Event of Last Month.

At the meeting of the committee of the Aged and Infirm Women's Home held October 7, the secretary reported that the Home had lost two by death since the last meeting, both caused by old age and that four others had left, one to be married, one to attend the Blind School in Vancouver and the other two, who were sick when they entered the Home some months ago, were so much improved in health that they were able to care for themselves. Before leaving they expressed their gratitude to the Home for the kindness they had received. Two had entered, making the number in the Home at present fifty-four.

Mrs. Lindsay had taken twelve of the old ladies for an automobile drive, which they appreciated very much, but the great occasion of the month had been the visit of the Prince of Wales on Sunday September 23, when he shook hands with

them all, of which they were very proud. One of the inmates had suggested that the name of the Home should now be the "Royal Victoria Home for Aged and Infirm Women."

The committee wish to thank the following for donations: Mrs. Sampson, vegetables; A. Friend, vegetables; Navy League, milk; St. Margaret's School, St. Philips and St. Saviour's Churches, fruit and vegetables; Miss Mary and A. Friend, flowers.

CHAPTER TO HONOR LADY CURRIE

The Lady Douglas Chapter, I. O. D. E., will hold an afternoon tea and reception in the ballroom at the Empress Hotel on Wednesday afternoon next, October 15, in honor of Lady Currie, who is a member of the chapter of long standing. Tea will be served and an informal programme of music is to be arranged. It is hoped that every member of the Chapter will attend the affair, which will also be open to members of other chapters.

Gonzales Chapter, I. O. D. E.—At the regular monthly meeting of the Gonzales Chapter, I. O. D. E., held at the headquarters on Tuesday, one new member was enrolled. It was decided to give a portrait of H. R. H. the Prince of Wales to Monterey School also folders showing the formation of the Union Jack. The members decided to hold a series of monthly sewing meetings to make

layettes and clothes for soldiers' children, and all members were asked to attend the first at Mrs. Curtis Sampson's, on October 17. Mrs. Ross Sutherland asked that all members who had near relatives serving at the front should send particulars of same to her. A vote of condolence was passed to Mrs. C. P. Todd on the death of her brother. The chapter decided to send flowers to Mrs. Norman Lee who is ill in hospital.

Men Are Enthusiastic About This Profit-Sharing Plan

They are coming here—scores of them—because we are offering clothing values that are reminiscent of bygone days. With clothing prices as high as they are to-day it pays to take advantage of every saving. Can you afford to let this chance pass without buying? Wouldn't you be money in pocket if you bought a suit and overcoat now instead of waiting until next month? Think it over—but don't delay.

COMMISSIONER TO TAKE IN VICTORIA IN RACING INQUIRY

Ottawa, Oct. 9.—Dr. J. G. Rutherford, the Racing Commissioner appointed by the Dominion Government to inquire into conditions pertaining to the jockey clubs and racing associations in Canada, is going to Calgary, Edmonton, Regina and other points in the West where pari-mutuels are used in connection with the harness races at the annual fairs. He also will visit Vancouver and Victoria to investigate racing conditions along the coast.

Dr. Rutherford will make a personal inspection of each of the Canadian tracks, so that he will have first-hand knowledge of the valuations of each. His report will be presented to the Governor-General-in-Council before next session opens.

VICTORIA NORTHWEST WORLD

White Sox in Vital Struggle To Even Up Series To-day

Once Regarded as Out of the Race, Fighting Spirit of Kid Gleason's Men Brings Them Back

Chicago, Oct. 9.—Again contenders for the world's baseball championship by virtue of their four to one victory over the Cincinnati Reds yesterday, the Chicago White Sox returned to Comiskey Park to-day to make a determined effort to draw abreast of the Reds in the matter of games won at 4-4. Regarded as virtually out of the race for premier baseball honors when the Redlegs took the first two games of the series at the Ohio city and then took two out of three games here, the American League pennant winners apparently found their long-lost batting eyes and the two victories they hammered out on successive days on foreign soil brought a return of the pre-series confidence in the ultimate outcome of their supporters here.

Needing but the single game to bring his team the championship, Manager Pat Moran was expected to send "Hod" Eller, shine ball pitcher, to the mound to-day. Eller established the world series record of six successive strike-outs when he held the Sox to three hits, one a scratch, in the game here Monday when Cincinnati won five to nothing.

Claude "Lefty" Williams, twice defeated by the Red-legs, but holding them to an aggregate of eight hits in the two games, was expected to be Manager Gleason's selection for mound duty.

Gleason Confident. With the assertion that his "boys" had recovered their batting eyes and fighting spirit, Manager Gleason was confident his star left-hander would pitch a come-back as did Cicotte yesterday.

The American League representatives will have to establish yet another record in this record-establishing series to be returned winners. In no world's series has a club won four straight games when its opponents needed but a single contest.

"ROD AND GUN."

The cover painting on the October issue of Rod and Gun in Canada is bound to evoke the admiration of all lovers of the great out of doors who have seen a partridge in its native haunts. To accompany this wonderful painting, F. V. Williams the artist has written a graphic story entitled, "When Leaves Turn Brown." A beautiful nature story, "Under Canvas With Moses," by J. Livingston tells of Moses' Misadventure, an Ob-jaww guide in the Timagami Reserve and his cheerful Indian philosophy. "Coyote and Coy," is the title of H. Mortimer Batten's latest tale of the prairie foothills. Other interesting stories and articles in this issue are "The Kelmikjok Monster," by Phil H. Moore; "The Sea Serpent," written by A. E. Jay; "Dredging Within The One Hundred Fathom Line," by Bonnycastle Dale; and "Wild Life Sanctuaries," by J. B. Arkin, Commissioner of Dominion Parks.

Cuba had taken three straight, fell on their National League rivals and won the necessary four games. That showed it "can be done" some said.

Few Wagers.

Few wagers on the outcome of the series were reported to-day. Prevailing odds on the series result apparently were 2½ to 1 and even money on to-day's game.

The probable line-up and batting order follows:

Cincinnati: Rath, 2b.; Daubert, 1b.; Groh, 3b.; Rousch, c.f.; Duncan, l.f.; Kopf, s.s.; Neale, r.f.; Bairden, c.; Eller, p.

Chicago—Liebold, r.f.; E. Collins, 2b.; Weaver, 1b.; Jackson, l.f.; Felch, s.f.; Gandil, 1b.; Risberg, s.s.; Schalk, c.; Williams, p.

TALKS TOO MUCH

FIGHTS TOO LITTLE

Dempsey's "Three in One Ring" Ideas Fail to Appeal

New York, Oct. 9.—Jack Kearns hardly can be blamed because Jack Dempsey was a failure as an actor. Nor can the pal and manager of the world's heavyweight champion be accused of not trying to make Dempsey appear as a headliner across the footlights. That the theatrical venture of Dempsey came to an untimely end three weeks after it started on a supposed fifteen weeks' tour was the fault only of the gullibles who this time refused to fall for the display. Every one wanted to get a glimpse of Dempsey, but as to paying for the glimpse, that was another thing.

One of the primary aims of the Army, Navy and Civilian Board of Boxing Control is to force boxing champions to put their titles at stake at least once every six months. Dempsey holds the first belt issued by that organization and should be the leader in living up to the rules.

While no one begrudges Dempsey all the easy money he can squeeze out of the boobies, it is high time that boxing was helped a bit by Dempsey. If he only would talk about some sort of a scrap it might satisfy, but instead he allows his manager to ramble about meeting three men in the same ring or some other dream as impossible.

CHAMPIONSHIP BRAND OF LACROSSE MONDAY

The keen interest taken in amateur lacrosse by the different teams of the Pacific Coast Amateur Lacrosse Association during the season just about to close has done more towards reviving the game in Canada than all else put together, claims a local fan. If it were not for the enthusiasm aroused owing to the brand of lacrosse furnished the fans at all games of the Coast League there could have been no representation from this section at the great tournament held at Winnipeg, and if there had been no team from the coast there would have been no Canadian championship meet. For the past season series of exhibition games entered in by New Westminster and the Foundation team, representing Victoria, the same high class lacrosse which these two teams have played all summer will be served the fans.

On Thanksgiving Day in the morning this game will conclude the series, and as Westminster now has a one goal lead the Foundation dozen are not going to allow them to increase it, although the Salmonbellies are going to do their best to do so.

DAN GRINER OPPOSES FROMME IN SERIES

Los Angeles, Oct. 9.—Dan Griner was slated to pitch to-day for St. Paul and the Vernon team expected to use Art Fromme on the mound in the second game here between the American Association and the Pacific Coast pennant winners for the western minor league championship.

SEVEN WAS UNLUCKY

Cincinnati, Oct. 9.—Seven Cincinnati fans business men, bet \$60,000 on the Reds winning the sixth contest. The money was wagered in Chicago. They wagered \$5,000 at odds on the first game. They doubled on the second and third games. Losing on the third game they dropped their betting to \$15,000, won, and then bet the \$30,000 on the fifth game, which they also won. Then they bet the \$60,000 on the sixth game.

FEATHERWEIGHTS PUT UP LIVELY CONTEST

Oakland and Frisco Boy in Fast Ten-Round Draw at Portland

Portland, Ore., Oct. 8.—Jimmy Dundee, Oakland featherweight, and Harry Helmsing, of San Francisco, fought a fast ten-round draw here last night.

The two boys battled hammer and tongs from start to finish with Helmsing as the aggressor but with Dundee landing frequently. A hurricane finish marked the tenth round. Stanley Willis, of Philadelphia, scored a technical knockout over Danny O'Brien, Portland, in the ninth round. The veteran held up to the sixth round, when he began to weaken and was forced to give up to his fast opponent in the ninth.

Harry Casey, of Seattle, also registered a technical knockout over George Wagner, of Seattle, in the fifth round of their scheduled six-round fight, when the latter broke a ligament in his right arm and was compelled to quit. Each boy knocked the other down for the count of nine in previous rounds.

Carl Martin, of Portland, and Jack Sheldon, of Seattle, fought a four-round draw, while Harold Christy was awarded a four-round decision over Curley Watson.

WITH THE SOCCER MEN

The Metropolis and Saanich intermediate football teams will hold a practice match at Beacon Hill (upper grounds) next Saturday at 3 p. m.

The Metropolis team will be composed of the following men: Liddell, Saville, Taylor, Lamphere, Ackerman, Motion, Thompson, Donaldson, McVie, Leach, McGimpsey, Campbell, Sandford, Donaldson, Referee, C. G. Thornton.

A meeting will be held of the Fragments Football Club at the Commodore club rooms Thursday, announces A. Baddeley.

A meeting of the five aside tournament was held Tuesday evening. The games will be played at the Royal Athletic Park, commencing at 2 p. m. Messrs. Payne, Jones and Guggan being selected to officiate as referees. The duration of the games will be twenty minutes, ten minutes each way. Amateur rules will govern. In the event of a draw, five minutes each way will be played until a decision is reached. Copies of rules will be handed to the representative of each team.

The V. I. A. A. are putting up a cup and Mr. Brown, gold medals. Saturday, October 11, is the last day for entries to Secretary Hill. The public are earnestly requested to support the tournament, the whole of the proceeds to go to help the Cricket Association of Victoria improve their various grounds. They have been generous to football sport, and lovers of the winter game should rally in their interest.

Five new men will appear on the K. of C. line-up in their game against the Great War Veterans, Saturday. Their team will be Stevens, Shearman, Capt. and Bredner; McAdams, J. Allen, and Marshall; Savident, Al. McKinnon, Brass, A. N. Other and Howden. Reserves, Roster and Burnes.

Jimmy Allen, last year's captain of the Foundation eleven should help the Hutmen to find their winning stride.

FINANCIAL STATUS
OF JUBILEE HOSPITALPresident R. S. Day Lays
Question Before Union of
Municipalities

"I think that the time is coming — has already come — when the municipalities should go to the Government and say the present conditions of hospital finance cannot last any longer," said President Robert S. Day to the Union of British Columbia Municipalities convention during a luncheon at North Vancouver yesterday afternoon.

Speaking on behalf of the Board of Directors of the Royal Jubilee Hospital, Victoria, Mr. Day, who was accorded a hearty reception, traced the circumstances under which the Board now finds itself faced with a liability of \$35,000. In two years, he said, the per capita cost had risen from \$2.11 per day to \$3.11 now, yet

the Government allowance stood at forty-five cents per diem. While the city of Victoria and the adjacent municipalities had not dealt negligently with them, in fact had increased the grant correspondingly to the actual cost of caring for indigents, extra expenses of all kinds had forced the directors to lay the issue squarely before the municipalities for joint action looking towards redress from the Government.

"The time has come," continued Mr. Day, "when every man and woman in this Province must be made to contribute directly to hospital cost. To place added burdens on land is to break the camel's back, but direct taxation must be created to assure that none will evade responsibility." Mr. Day concluded by pointing out that hospital service was as much a community service as that of police or a fire department.

Mr. Day followed Dr. M. T. MacEachran, of the Vancouver General Hospital, who spoke in his capacity of President of the B. C. Hospitals Association. The doctor asked the Union to consider increased grants per capita, state control, or greater provincial aid to hospitals. He urged a home for incurables, and co-operation between municipalities to maintain efficient infectious hospitals.

The suggestions will be considered later.

GOLF PRO. GETS A
SOUVENIR FROM PRINCE

When the Lieutenant-Governor made a visit to the Colwood links for his usual game Tuesday he handed to the professional on behalf of the Prince of Wales a little gold and platinum pin made up of a design of the Prince of Wales feathers and the letter "E." He also received an autographed photograph of His Royal Highness.

Four Hundred Youngsters At
Sports Held At Saanich FairCloverdale Won Highest Honors With Four Points
Ahead of Cedar Hill

Over 400 school children were in attendance for the sports for Saanich school children at the North and South Saanich Agricultural Show yesterday, and crowds of interested spectators watched the exciting races which occupied the afternoon. Excited parents and friends showed such enthusiasm that it was with difficulty that the officials were able to keep a clear course. The innovation was voted a great success and the hope was expressed that school children's races would form a regular feature of the fair.

The sports were conducted by the Saanich School Trustees, assisted by Mr. Shanks, of Cloverdale district; Mr. Edwards, of Gordon Head; Mrs. Lorrimer, of Craigflower district; Mr. J. O. Welch, principal of McKenzie Avenue School, and Mr. J. O'Neill, of Tulicum School. The results were as follows:

One hundred yards, boys over 14: five entries—1, Elmer Knight, Cedar Hill; 2, N. Armstrong, North Saanich; 3, Ian McCallum, Cloverdale.

Girls, 14 and over: eight entries—1, Nellie Lively, North Saanich; 2, Alice Thompson, Cedar Hill; 3, Jean Nowat, Tolmie School.

SOLDIERS TAXES
THORN IN SIDE OF
MUNICIPALITIESForced by Threat of Exemption
Legislation, Action Is
Taken

(By Times Special Representative.)
North Vancouver, Oct. 8.—Every argument for and against exemption of soldiers' property from taxation was brought forward before the Union of B. C. Municipalities, in session here.

The debate centred around the following resolution, dealing with the matter, brought in as a recommendation by the resolutions committee: "That the Provincial Government be asked to take into consideration the question of arrears of taxes which have accumulated under the War Relief Act, and that if it is decided that any relief should be granted to the taxpayers in respect of such taxes, that this should be a charge on the provincial revenue, and further that a committee be appointed by the executive to confer with the Government and the soldier-organization on this subject."

This motion had been introduced on Tuesday and on Wednesday Reeve Bridgman, the chairman of the committee, brought down a report suggesting that the arrears should be taken care of by the Government, while the municipalities should forego the interest.

Alderman Sargent, Victoria, raised the issue of a limitation of relief, in view of the remark from all quarters that the speculators would benefit equally with those having only a house and lot.

Councillor Loutet, the acting president, remarked: "The greatest amount of arrears is owned by men who never reached France."

Up jumped a soldier-delegate from Kent and said he had paid his taxes, nor did he think any ex-soldier around Agassiz.

Must Adopt Some Policy.

Reeve Bridgman warned the convention that unless it reached a policy on this matter the Government would act next session, and the cost would be greater to the municipalities.

From all over the hall came queries as to what sum was wanted to put the situation in shape.

No one exactly knew, although Mr. McDiarmid said he had subjected a questionnaire to the municipalities, and had received twenty-three replies. However, he was unable to give the partial figures, and alternatively submitted a proposal that a special committee should be struck to co-operate with the committee known to have been appointed by the provincial command of the Great War Veterans' Association on this matter.

This course was ultimately adopted after it had been explained that the issue was forced by the provincial authorities rebating to soldiers in unorganized districts ten per cent. off delinquent taxes, and remission of the interest.

When the special committee was agreed upon, it was stated that some flexibility would have to be adopted to provide for cases of men who were hiding behind the names of soldiers, and by this means evading the payment of taxes.

The problem of refunding to those who have already paid taxes was also made the subject of reference to the committee.

Victoria In Minority.

Victoria delegates criticised a motion not to change the tax sale clauses of the Municipal Act Amendment 1919, which the resolutions committee had reported. The two points which were aimed at were no advertising of tax sales, and not to continue the heavy penalty clause against delinquents. The resolution came in from Penitichon.

In presenting the report Councillor Shallice said the Mayor of Victoria considered the delinquency clause too onerous.

Councillor Macfarlane, Oak Bay, criticized the regulations with regard to registration of title, problems arising from registrations in the past ought to be cleared up, Mr. Macfarlane pointed out.

Alderman McHardy, Nelson, observed that irrespective of the arrangements made by municipalities for consolidation of the arrears of taxes with owners, the registrars of titles in the upper country refused to accept transfers of property until all taxes were paid.

Other speakers backed up Mr. McHardy, and Solicitor McDiarmid said the understanding with the Deputy Attorney General and Inspector of Legal Offices had not apparently been respected in parts of the Province.

After an animated discussion the convention divided on the issue. The poll was so close that a new division was demanded from the chair, and

We want to impress on you that this sale differs from the average sale in that it does not make any pretences. The advertisement and the store are in entire harmony, and there is no discrepancy.

There is no exaggeration, either from the salespeople or through the newspapers. No attempt is made to create the impression that the store is giving greater values than it really is.

But you'll find that the sale is even better and bigger than the advertisements lead you to believe.

BUY WITH CONFIDENCE

No shoddy goods here—everything marked in plain figures. If anything goes wrong, bring it back and get your money.

was carried, Victoria and District delegates taking the negative. The affirmative majority determined that no change shall be made in the advertising and penalty clauses now in the Municipal Act, as amended last session. As a result newspapers will continue to lose the extensive advertising formerly required by law.

Victory On Links Question.
The Resolutions Committee commented on Oak Bay's application in favor of a municipal owned golf links that such power would be provided in the new act.

The law was not sufficiently clear, said Councillor Macfarlane, stating that the situation was not specific. It affected the city of Victoria, and the municipalities of Oak Bay and Saanich, he stated.

Clerk Cowper hoped it would be made to apply equally to links both within and without the municipal district.

The resolution giving specific power to operate links was adopted on a majority vote.

Sharp criticism was voiced with regard to the conditions of the land registry offices, notably at Kamloops,

where it was declared that the understaffing of the office prevented municipalities carrying out the provisions of the Municipal Act with regard to land titles. It was carefully stated that the registrar was not to blame, but the conditions were impossible.

It was explained that the Kamloops registry office served twenty-three municipalities, from the Cariboo to the international line.

Kamloops delegates believed the division might be made by opening an office at Penitichon, or some similar point.

The motion to draw the attention of the Attorney-General to the subject was unanimously adopted.

South Vancouver.

The South Vancouver Ratepayers' Association lodged a protest against the seating of Commissioner Gillespie and his two colleagues as being representatives of South Vancouver, on the ground that they were not elected by the people, and therefore sitting illegally. The association asked the Union to support the restoration of elective government in the municipality, and democratic institutions.

A letter was also read asking for

permission to present the case of South Vancouver to the Union by deputations.

A motion was moved to table the communications.

Solicitor McDiarmid said Mr. Gillespie was seated as de facto the

Reeve and Council of South Vancouver. That was the Penitichon decision in the Commissioner's case.

An amendment was adopted, referring the whole question of representation under such circumstances to the executive.

COMRADE BARNARD OUT FOR BONUS

Candidate Says Necessary
Money Can Be Obtained
From War Profiteers

Thomas A. Barnard, Labor candidate in the coming Federal by-election, came out without qualification at his returned soldiers meeting at the Crystal Theatre last night for the cash bonus for returned soldiers and widows of men who died overseas.

"I don't either stand on the bonus or the bonus doesn't stand on me," he said.

"But I stand for the cash bonus. I have no hesitation in making that statement. If the returned men are entitled to \$1,000 it is their own business what they do with it. They are treating us like so many children in attempting to say how our money should be spent.

"Probably ten per cent. of the returned men want to go on farms. How about the other ninety per cent? Are they not entitled to some assistance, and can it be better given than by giving them cash with which to go into business or pay the mortgage on their homes?

For Constructive Purposes

"The amount should be governed by the country's ability to pay.

"I am for the bonus for these reasons:

"If the war had lasted another five years we would not have quit, and the money would have been found for destructive purposes. Therefore why can't it be found for constructive purposes?

After Profiteers

"Hundreds of millions of dollars have been extracted from the people of this country by the profiteers during the war, and until that money is taken from these profiteers no one can say that no money can be found for the cash bonus. I am too loyal to the British flag to ever associate with any profiteer. If I had my way I would have the profiteers put up against the wall and punched. The people who ruthlessly profiteered were just as bad enemies as any Germans inside or outside the country during the war.

Nothing Done

"I am informed that the Prime Minister himself is a very large shareholder in one of the cold storage concerns in Winnipeg that has made profits of more than five per cent.

"Three hundred per cent. profiteering is going on right now, and when these manufacturers are put on the grill they say they are not manufacturing for the glory of God. And not a thing is done by the Government.

"While these things are going on the demand for a cash bonus is absolutely just. The first to receive the cash bonus should be the widows and dependents, then the totally disabled, then the men who are partially disabled until you come to the able men.

"Hundreds of men gave up their businesses who can't now get started again. If a man does not want to go farming why should he not get aid to go into other lines?"

Not a Rum Issue

There were between 150 and 200 at the meeting, and Mr. Barnard said there should be more. "This meeting is like a working party in the army with the boys all hanging back," he said. "If it were a rum issue you would all be up at the front."

He declared that the talk of the Esquimaux drydock just now was just a red herring to secure support for the Hon. Dr. Tolmie. "The peculiar thing to me is what vital interest there is between a Minister of Agriculture and a drydock," he said. "I always thought that a drydock came under the Department of Marine. But you see, I am no politician and I do not understand these things."

Becoming Suspicious

Mr. Barnard declared that there were so many editorials in the Victoria newspapers saying the people were satisfied with Dr. Tolmie that he was becoming suspicious something was wrong. He said the reason why the returned soldiers were not getting houses was that there were so many millionaires and read a newspaper story of the beginning of

the building of a million dollar house for a colonel who is an owner of a number of mines in the Province.

Shortage of labor on the Canadian Northern he attributed to the fact that the men were sleeping in tents under worse conditions than in France; they were working ten hours a day, being paid forty-five cents an hour and less, and having to work with Austrians and dagos.

Government Asleep

"We are told that there is no profiteering," said H. S. Webb, who presided at the meeting. "Only this afternoon I came in touch with a soldier's wife who had paid \$6 for a pair of shoes for her little boy ten years old. In three weeks the soles had worn out. There was not twenty-five cents worth of leather in those boots. Before the war they could have been bought for \$1.25. If that is not clear profiteering I would like to know what it is! Boys, we have got to get after this kind of thing.

"Dr. Tolmie represents a Government that is asleep. Can the soldiers' widows live on the present scale of pensions?"

"No," came the reply from women in the hall.

"Do you want a change then?"

Comrade Duggan.

"I do not look at this as a vote between Dr. Tolmie and Mr. Barnard, but whether I take advantage of the opportunity to register my protest against a government that has refused to act against the profiteers of this country," said Comrade Duggan. "The articles in The Colonist and The Times on profiteering are enough, if there was nothing else, to convince any man that the Government is not worthy of the support of any individual in this country.

Mr. Duggan said there was no excuse for the Government not paying the regular gratuities to widows of men killed overseas.

No Conscription of Profits

"Because the husband or father is not here to fight for her, the Government takes advantage of that to ignore her, the one who needs the gratuity more than the woman whose husband has returned to support her," he added.

In reply to a question he said that the only time he had ever heard of conscription of wealth and war profits, to which Unionists were pledged at the last election, was during the campaign. When the election was over nothing more was heard of putting into force the conscription of war profits along with the conscription of man power.

Savings Bank Compensation

During the meeting there were frequent quarrels between members of the Comrades of the Great War and the G. W. V. A. over the \$2,000 bonus question. Chairman Webb was kept busy keeping the two factions quiet so the meeting could proceed.

One man said that the returned soldiers who had money in the bank when they went overseas were entitled to compensation because now that they have returned they find that the purchasing power of that money has depreciated fifty per cent.

Another man said that he went down to Judge Lampman's court to register. He wanted to know what assurance he could get that his name would be on the voters list when it is published?

Moved by R. B. Fenwick and seconded by J. Reynolds this resolution was unanimously passed:

"Whereas, an open meeting of returned citizens and dependents has been called to consider as to Comrade Barnard being their representative in conjunction with labor, as a returned citizen labor candidate at the forthcoming election to oppose Hon. Dr. Tolmie, whose name has been placed before the electors as the Minister of Agriculture in the Union Government, and whereas that the Union Government has absolutely failed to carry out their pledges, so that in Canada the population is subject to the worst phases of profiteering, and that nothing has been done to check the same profiteering, therefore, be it resolved:

"That this open meeting of returned citizens and dependents hereby go on record and pledge their support at the forthcoming Federal by-election to Mr. T. A. Barnard, who is opposing Hon. Dr. Tolmie in the aforesaid bye-election."
